

# Hour of Code

ANITS-ACM Student Chapter

(Online Coding Contest)

You have always known that you can out-code anyone. You have always looked for that bigger challenge, that greater playing field. You've always wanted to pit yourself against the best of the best. You have always wanted to prove your mettle and take on the coders out there. Your time truly is now.

## ACM Hour of Code is here!

The Hour of Code is a global movement reaching tens of millions of students in 180+ countries to teach Computational thinking. No experience needed.

### International Partners:
