- **Name of the event:** ACM Webinar On Hackathon:Strategy To Crack
- **Date of the Event:** 18.03.2023
- **The objective of the event :**

1: Promote the Hackathon: It aims to create awareness and generate interest in the upcoming hackathon. This objective involves providing an overview of the event, highlighting its benefits, and explaining how participants can get involved.

2: Educate Participants: The webinar should provide valuable information about hackathons in general, including their purpose, format, and potential outcomes. It should also offer guidance on

how to prepare for a hackathon, such as selecting a team, brainstorming ideas, and leveraging available resources.

3: Share Success Stories: To inspire potential participants, the webinar can feature success stories from previous hackathons. This objective involves showcasing innovative solutions, highlighting the impact of hackathons on individuals or organizations, and demonstrating the opportunities that can arise from participating in such events.

4: Foster Networking and Collaboration: Encourage participants to network and form teams for the hackathon. This objective involves facilitating introductions, providing opportunities for participants to connect and discuss ideas, and emphasizing the benefits of collaboration and diversity in team formation.

5: Address Questions and Concerns: Allow participants to ask questions and address any concerns they may have about participating in the hackathon. It involves providing clarifications, offering guidance, and reassuring participants about the support and resources available to them.

6: Promote Post-Hackathon Engagement: The webinar encourage participants to continue their engagement beyond the hackathon. This objective involves highlighting opportunities for further collaboration, showcasing post-hackathon success stories, and promoting resources to support participants in further developing their ideas or projects.

Conclusion:

The webinar on hackathons has provided valuable insights and guidance to all participants. We have successfully achieved our objectives of promoting the hackathon, educating participants, sharing success stories, providing tips and best practices, fostering networking and collaboration, addressing questions and concerns, promoting post-hackathon engagement, and generating excitement and anticipation.

Through this webinar, we have highlighted the importance of hackathons as platforms for innovation, problem-solving, and networking. We have showcased how hackathons can lead to transformative solutions and create opportunities for individuals and organizations to thrive.
