Event Name: Roadmap to excelling DSA

Date: 2/7/2021

This was our first open event and we wanted to guide beginners and help them in basics.
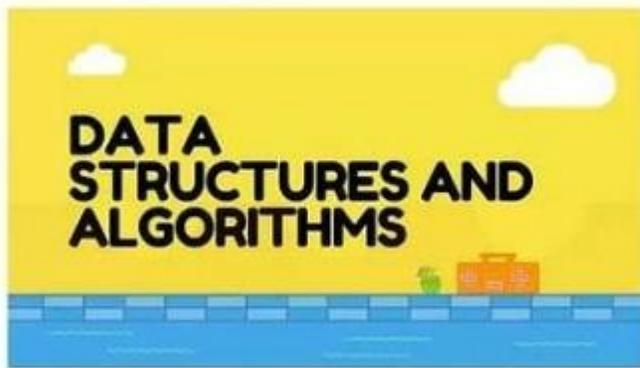

These were the highlights of the event.

- Criteria to select a programming language
- Getting started with the basics of programming
- Strengthen problem-solving skills
- Platforms to improve programming abilities
- Tips to solve Data Structures and Algorithms more effectively
- Resources and Tips to improve coding skills

We got very good responses from the audience and we got almost 150 participants in the session.
