1	Amsha Maripi	2018	Software Engineer	Syntel Pvt.Ltd	Hyd				Primarily in the Market most uprising is Big data and data analytics.	So far all which were thought were good.	Yes	Excellent	Yes	More practical than theoretical.	So far none
2	Gajini Gautam	2017	Software Engineer	Voonik Technology	Hyd				I feel there should be equal importance given to co-curricular activities like curriculum as it increases exposure among students and reduce the fear of taking an initiative.	I feel there should be equal importance given to co-curricular activities like curriculum as it increases exposure among students and reduce the fear of taking an initiative.	Yes	Good	Yes	No	No
3	Madhuri Pachipulusu	2018	System Engineer	Infosys	Hyd				more technical courses should be included for good analytical skills.	conducting more extra circular activities would make students feel booster.	Yes	Good	Yes	teaching should be practical than theoretical.	let the department be students friendly
4	Dhanraj Kumar Garapati	2016	Systems engineer	Infosys	Hyd				A lot of jobs for CS undergrads are now pointing towards the business end in addition to software development roles. Subjects such as business analysis, product management can be taught to prepare the students for such roles.	Make more students participate in hackathons where they code to build. It introduces the students to their peers in the real world.	Yes	Good	Yes	Have a guest lecture series for each course. As a part of this series, for every course, invite a real world professional with professional experience in the subject to speak with the students about their job and how they apply the knowledge they learnt. It will	None. Have already provided my feedback for earlier questions.
5	Bhaskar Chintha	2016	act developer	pinion	Hyd				Yes as computer science student we have less software related courses during 2009-2013	Yes	Yes	Good	Yes	None	None
6	Ravindra Javanti	2016	Associate Solution Advisor	Deloitte	Hyd										
7	Harikha Mantlana	2016	Associate Engineer	Fidelity information services (FIS)	Hyd				No need	no	Yes	Excellent	Yes	nil	everything is good
8	Preethi Varanasi	2016	Software l	Kony India Pvt Ltd	Hyd					conferenc es, hackatho ns, technical tests, coding contests	Yes	Good	Yes	Please make the class as interactive as possible. Please don't give assignments for the sake of marks. This is where students will learn and think out of the box.	
9	Ritu Malik	2016	Software l	Capgemini	Hyd					Add any activity to improve Communication skills and to reduce stage fear because most of the interview rs select candidate/s based on that also	Yes	Good	Yes	Teach about how software developed in software companies means entire process (PDLC)	In lab sessions teach how to trace the code and understand the code L.e reverse engineering
10	Mamta Makhijani	2016	Program Cognizant	Hyd					Al- already introduced	Yes	Yes	Excellent	Yes	Everything looks good	NA
11	Manoj Malliseti	2016	systems en	Infosys	Hyd				no	no	Yes	Very Good	Yes	no	no

12	Sarvani Upadrasta	2016	Software	KonyLabs	Hyd					No	Oration clubs, group presentations on competitions	Yes	Excellent	No	Nil	Communication enhancement activities to be included
13	Mohan Raja	2016	Software	SMS country Pvt LTD	Hyd					The future is Data Science and AI. So I think these courses can be introduced.	Yes	Very Good	Yes	-	-	
14	Prasanthi Bagana	2016	Software	Kony Labs	Hyd					I would say that additional languages like French/Spanish/German s.t.c. Should be thought as well for interested students as they add so much value to the Resume for students willing to study abroad or work onsite	Yes	Very Good	No		I Feel the teaching and learning process are to the par	Everything seems fine for me
15	Aravind Dasari	2016	Full stack	ReportGarden pvt limited	Hyd	13/10/1994	8885336247	aravind54594@gmail.co		None it's best the way it is.	None.	Yes	Excellent	Yes	They are perfect.	None.
16	Hyndavi Junjuru	2016	Associate	IBM India Pvt Ltd	Hyd					conferences, hackathons, technical fests, coding contests	Yes	Good	Yes		Please make the class as interactive as possible. Please don't give assignments for the sake of marks. This is where students will learn and think out of the box.	Please keep some electives of student choice for each semester. Keep open book test but solutions of the question should not present directly from book. Student must know know the concept to answer those questions.
17	Drishya Medapareddy	2016	systems el	Infosys	Hyd					Add any activity to improve Communication skills and to reduce stage fear because most of the Data Science interview candidates based on that	Yes	Good	Yes		Teach about how software developed in software companies means entire process (FDLC)	In lab sessions teach how to trace the code and understand the code i.e reverse engineering.
18	Sanjana Singh	2016	Technical	Genpact Headstrong Cap	Hyd					AI, already introduced	Yes	Yes	Excellent	Yes	Everything looks good	NA
19	Hari Krana	2016	Technical	Genpact Headstrong Cap	Hyd					No need	no	Yes	Excellent	Yes	nil	everything is good
20	Siv Mohan	2016	Tech. Ass	Amazon	Hyd					conferences, hackathons, technical fests, coding contests	Yes	Good	Yes		Please make the class as interactive as possible. Please don't give assignments for the sake of marks. This is where students will learn and think out of the box.	Please keep some electives of student choice for each semester. Keep open book test but solutions of the question should not present directly from book. Student must know know the concept to answer those questions.
21	Sindhu Yechuri	2016	Technical	Genpact Headstrong Cap	Hyd					Yes, Students should have extra curricular activities to interact with other students from different branches/colleges and that way can improve communication and interpersonal skills. For instance, College Fests, Inter College Competitions should be held periodically	Yes	Very Good	No		I Feel the teaching and learning process are to the par	Everything seems fine for me
22	Atul Dokania	2016	Systems E	Infosys Limited	Hyd					None it's best the way it is.	None.	Yes	Excellent	Yes	They are perfect.	None.
