

Academic Year 2021-2022

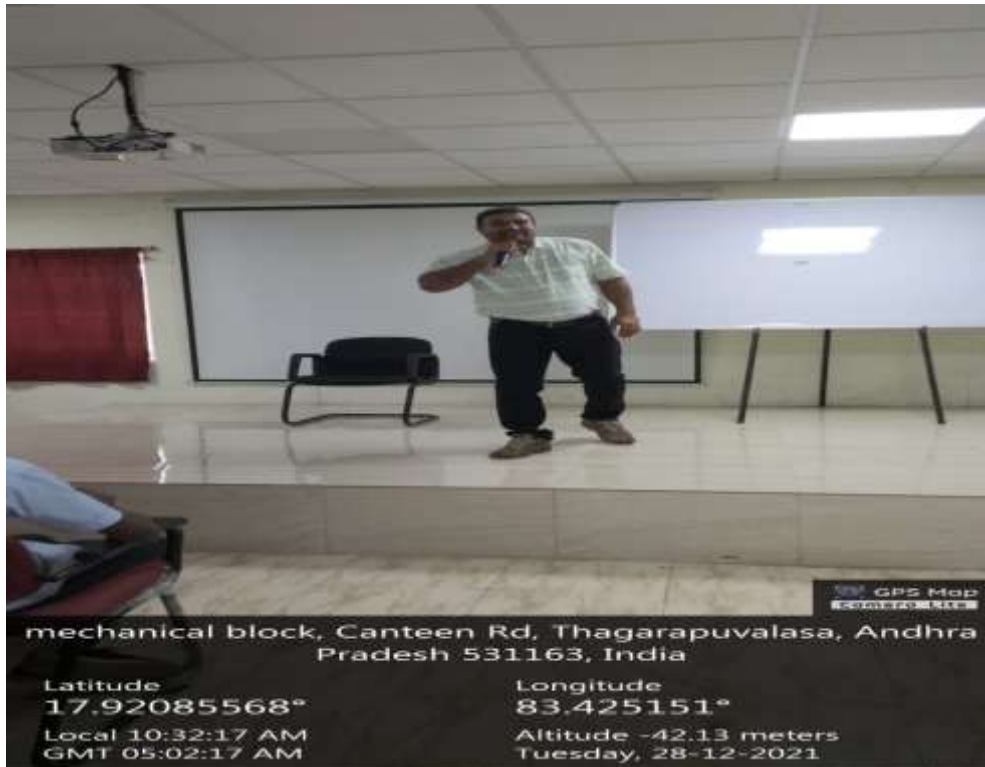

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

DATE: 28-12-2021

Together We Can Club of CSE, Organised An Event “Manaloni Manishi” on 28/12/2021. Srini G. Founder, Manaloni Manishi Foundation(MMF) had an interactive session with our students helping them think over the most sought after question, "Who am I ?" so that, they can spend few minutes every day in talking to themselves and realize what activities keeps them happy from inside and encouraged them to make sure they pursue those activities throughout their life. Also, the session focused on explaining how each one of us is so powerful and omnipresent, by helping them to connect to the "life" in this Universe, to experience the "oneness" and how that very feeling can give them the ultimate joy. This helped our students connect to the "core" of our very existence thereby enabling them to become stronger from within so that they know how capable they are and how easily they can live a stress free life if they are strong from within.
