An Awareness session on “**Basic Financial Literacy- The Need of the Hour**”

On

8th February 2024

Report

Objectives:

- To acquaint students with the techniques of financial management and their applications for business decision making.
- To impart training and education with an employability outlook.
- To enable students understand accounting principles, tools and techniques used for taking business decisions.
- Develops managerial perspective to economic fundamentals as aids to decision making under given environment.

Department of CSE organized an Awareness session on “**Basic Financial Literacy- The Need of the Hour** “ on 8th February 2024 for the 4th year students of the college. Resource person Mrs. Deepa Thumma addressed the students and had an interactive session on the importance of financial management and how the knowledge of financial literacy helps in supporting various life goals such as saving for education and retirement, investing in better ways.

The Key Points discussed in the session:

The knowledge of financial management helps you in making informed decisions, leading to greater monetary stability, less stress, and a higher quality of life.

Financial literacy empowers you to take control of your finances and navigate the challenges and opportunities that arise. It is a crucial element in achieving financial health.

Strong financial knowledge and decision-making skills help people weigh options and make informed choices for their financial situations,

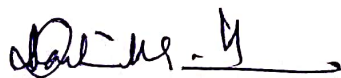

Conclusion

Financial literacy refers to the ability to understand and apply different financial skills effectively, including personal financial management, budgeting, and saving. Financial literacy makes individuals become self-sufficient, so that financial stability can be accomplished.

A financial plan acts as a guide as you go through life's journey. Essentially, it helps you be in control of your income, expenses and investments such that you can manage your money and achieve your goals.

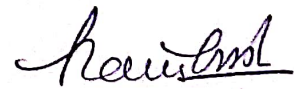

Outcomes of the Session:

- Ability to make better financial decisions.
- Effective management of money and debt.
- Greater equipped to reach financial goals.
- Reduction of expenses through better regulation.
