ONLINE TRAINING CLASSES FOR SECOND YEAR STUDENTS-PHASE 2

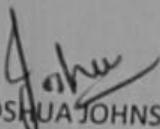

**Dt: 19-05-2020**

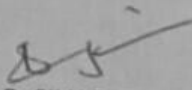

This is to inform all the 2nd years students that the student branch of CSI, ANITS, Region-V is conducting **Coding Classes(PHASE 2)** as per the following schedule, Online Via Zoom by the students of 4/4 CSE. So, all the students are hereby informed to attend the classes to enhance their skills and learn the concepts useful for competitive programming.

**EVENT NAME:** ONLINE TRAINING CLASSES FOR SECOND YEAR STUDENTS- PHASE 2

**CLASS 1:** 04-06-2020-Linked List

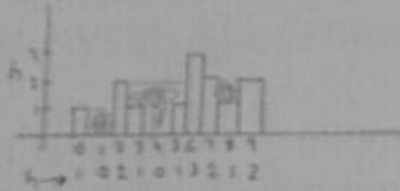

**CLASS 2:** 11-06-2020-Binary Search and Sorting

  
S. JOSHUA JOHNSON,  
ASST PROF,  
CSI-COORDINATOR

  
Dr. R. SIVARANJANI  
HOD, CSE

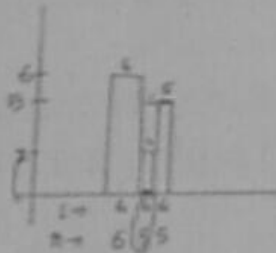

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES  
 DEPARTMENT OF CSE-ANITS CSI STUDENT BRANCH  
 ONLINE TRAINING SESSIONS FOR 2ND YEAR STUDENTS

Q1. There is city full of buildings. Each building will have its own height. Given an array of heights of buildings. In a rainy season, rain water will be trapped between the buildings. If you are given the heights to output the area of water trapped between the buildings.

Q2. Given an array of  $n$  integers find maximum value of  $(A[i] + A[j])$  where  $(i < j)$

$A = [2, 3, 20, 25, 8] \rightarrow \text{ans} = 25$

Given array of  $n$  integers find out the maximum value of  $(A[i] + A[j]) = 10$  where  $(i < j)$

The Department of **CSE**, ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES (ANITS), IN ASSOCIATION WITH **CSI STUDENT CHAPTER, REGION-V** has conducted **ONLINE TRAINING SESSIONS-Phase 2** for second year students during the lockdown period, in order not to break the learning chain of the students.

The resource persons, Mr. Surya Teja(316126510041), Suvarna Raju Chevati(316126510008), of 4/4 CSE, ANITS has discussed Linked list on 04-06-2020 (WEEK 3) and Binary Search and Sorting on 11-06-2020 (WEEK 4).

A total of 15 problems have been given and solved by the resource persons and the doubts were clarified in the meantime by the time second session has started in the fourth week. Nearly 75 members have participated in the Session.

The sessions enhanced the knowledge of students and made them ready for different online coding classes, and competitions.

Head of the Department, CSE, ANITS.

## INTRODUCTION TO BIO-INFORMATICS

The Guest discussed the following in the webinar:

Bioinformatics is an interdisciplinary field mainly involving molecular biology and genetics, computer science, mathematics, and statistics. Data intensive, large-scale biological problems are addressed from a computational point of view. The most common problems are modelling biological processes at the molecular level and making inferences from collected data.

A bioinformatics solution usually involves the following steps: Collect statistics from biological data. Build a computational model. Solve a computational modelling problem. Test and evaluate a computational algorithm. This chapter gives a brief introduction to bioinformatics by first providing an introduction to biological terminology and then discussing some classical bioinformatics problems organized by the types of data sources.

Sequence analysis is the analysis of DNA and protein sequences for clues regarding function and includes sub problems such as identification of homologs, multiple sequence alignment, searching sequence patterns, and evolutionary analyses. Protein structures are three-dimensional data and the associated problems are structure prediction (secondary and tertiary), analysis of protein structures for clues regarding function, and structural alignment. Gene expression data is usually represented as matrices and analysis of microarray data mostly involves statistics analysis, classification, and clustering approaches.

Biological networks such as gene regulatory networks, metabolic pathways, and protein-protein interaction networks are usually modelled as graphs and graph theoretic approaches are used to solve associated problems such as construction and analysis of large-scale networks.

Then, the session ended with thanks.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### CIRCULAR

Dt: 20-05-2020

This is to inform all the students that the student branch of CSI, ANITS, Region-V is organizing a **National Level Hackathon** called **HackTheQuarantine** starting from 8<sup>th</sup> June 2020. So, all the students are hereby informed to participate in the hackathon and learn a lot of new things over few domains of computer science.

**EVENT NAME:** HackTheQuarantine

**DATES :** 8<sup>th</sup> June 2020 TO 15<sup>th</sup> June 2020

Links will be shared with respective class groups.

#### Contact Details:-

G Pavan Sai Kumar,

3/4 CSE-B,

7989180291.

**Mr.S.Joshua Johnson,**  
ANITS CSI Student Branch Counsellor,  
Assistant Professor,  
CSE,ANITS.

**Dr.R.Sivaranjani,**  
Head of the Department,  
CSE, ANITS.

**ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES ( A )**  
(Affiliated to AU, Approved by AICTE & Accredited by NBA and NAAC with 'A' Grade)  
Sangivalasa- 531162, Bheemunipatnam, Visakhapatnam

Website : [www.anits.edu.in](http://www.anits.edu.in)

Email : [principal@anits.edu.in](mailto:principal@anits.edu.in)

Phone Nos: 08933 225083,225084,225087,226131

Fax No: 226395

## ONLINE HACKATHON

**DATE:-** 8<sup>th</sup> June 2020 to 15<sup>th</sup> June 2020

**Number of participants:-** 120

**Competition:-** HackTheQuarantine

**Organized by the team of CSI Anits**

HackTheQuarantine is a national competition organized by the Team of CSI ANITS. The Competition was conducted for a complete week and the Team put their complete Efforts to make the competition successful.

As a result the Competition was a huge success!!!

The competition was of 4 rounds and the participants have different tasks to be performed and solved.

Those who were qualified in the previous rounds can participate in further rounds.

The four rounds are:-

1. Tech Quiz
2. Capture The Flag
3. Programming With Time
4. Code For Keys

### TECH QUIZ

The first round was scheduled on 8<sup>th</sup> June 2020. It was a MCQ Tech Quiz Contest. The participants are given 25 questions with 25 minutes duration. The total score is 100 points.

The Competition was held in two slots, and the participants can either choose the Morning slot or the Evening slot. The Platform where quiz was conducted is Google Forms.

Easy questions were asked and 90 students were qualified for the next round.

The next round was Capture The Flag.

### CAPTURE THE FLAG

The round was scheduled on 10<sup>th</sup> June 2020. It was CTF round and contained 9 different pages with 9 different keys.

A capture the flag (CTF) contest is a special kind of cybersecurity competition designed to challenge its participants to solve computer security problems and/or capture and defend computer systems. Typically, these competitions are team-based and attract a diverse range of participants, including students, enthusiasts and professionals. A CTF competition may take a few short hours, an entire day or even multiple days.

Every page has a puzzle or a question to be solved. If it was solved you will be getting a key and if you paste the key in the next page, the next page will be unlocked and then you need to solve another puzzle for getting the key for the next page.

The competition was built with fun, joy and logic. The participants gave an excellent feedback for the round-2. Capture The Flag was beyond our thoughts and we need to think out of the box for solving those puzzles.

60 participants were qualified for the round-3.

## PROGRAMMING WITH TIME

The third round was scheduled on 12<sup>th</sup> June.

The round has 11 programming questions with a total score of 600 points and participant can solve them in any programming language.

The contest was held on Hackerank Platform.

It was a programming contest and it was not like the regular programming round.

Its rules are:-

1. When any of the participants solves a particular question first, then the time for the particular question will be reduced for all other participants.
2. If the rest participants too solve the same question, then the time will be sequentially increased with the number of submissions increases.
3. After solving each question, participants have to click on the 'Mark Completed' button on their dashboard and see if it was completed when it changes to 'Completed'.
4. If we click on 'Mark Completed' without solving that particular question, we get a penalty.

So the participant needs to solve the question which has less time and with that they need to solve other questions for qualifying to next round.

32 participants were qualified for the last round.

## CODE FOR KEYS

The fourth round was scheduled on 15<sup>th</sup> June. The round totally contains 20 different questions with 20 different keys.

1. When the round starts, participants have to solve the 1<sup>st</sup> question to get the key and the key should be pasted in the new page to view the next question.
2. The questions are available in the HackTheQuarantine Website and the participants have to write their code in HackerRank Platform.
3. For every program they write, they have to print the Hackerrank username in the first line and then the code output.
4. If all the test cases are passed, then we will get the key in testcase-2 (under compiler message).

5. That is the key to unlock the next question in the HackTheQuarantine website.

This was the final round.

The HackThe Quarantine had declared three winners.

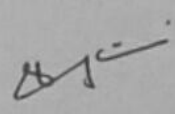

1<sup>st</sup> Winner – 1000 INR

2<sup>nd</sup> Winner – 600 INR

3<sup>rd</sup> Winner – 400 INR

ANITS CSI Team put their complete effort and time for making HackTheQuarantine in its First Class and they succeeded in doing this.

HackTheQuarantine was one of the outstanding Competition that was held during the pandemic .

# HACK THE QUARANTINE

- A National Level Hackathon

**Registration Fee : 20 INR per head**

**Registration Link : [bit.ly/htqanits](http://bit.ly/htqanits)**

**Exciting Cash Prizes !!**

**4 DIFFERENT LEVELS - 28 STATES - 8 UTs**

**COMPETE - CODE - WIN - Be The Only One**

**\*EVERY LEVEL'S PATTERN WILL BE ANNOUNCED 1 HOUR BEFORE THE  
TIME OF THE RESPECTED LEVEL**

**ANITS CSI SBC**

**S Joshua Johnson,**

**Asst. Professor, CSE, ANITS, Phone : +91 95733 82650**

**Last Date For Registration**

Anil Neerukonda Institute of Technology &  
Sciences (Autonomous),  
Sangivalasa, Visakhapatnam - 531162

**Department of CSE**

*In Association with Computer Society of India*

**Region - V**

**PRESENTS**

# **SOFTWARE INDUSTRY - TOOLS AND METHODOLOGIES**

Mr. Srinivas Eswarapu, Sr. Cloud Architect,  
Portland Oregon, US

**June 12th 2020, 10 AM - 11 AM**

Topic: Needs of tools and technologies to kickstart your career.

Mr. JVS. Chaithanya, Sr. Software Development Engineer,  
Product Development, Kony Labs, Hyderabad

**June 13th 2020, 1 PM - 3 PM**

Topic: Angular JS : Basics and Development Future Prospects

Dr. Sridhar Swaminathan, Assistant Professor, CSE  
Bennett University, Greater Noida, India

**June 14th 2020, 10 AM - 11:30 PM**

Topic: Research Trends in AI/ Deep Learning for computer vision.

Registration Link: <https://bit.ly/atanifs>

## ONLINE GUEST LECTURE - WEBINAR

SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 1-SESSION-1

DATE :- 12<sup>th</sup> June 2020

Number of participants :- 100

Objective:- Participants to know about the Needs of tools and technologies to kick start a career.

Name of the resource person:- Mr. Srinivas Eswarapu, SrCloud Architect , Portland Oregon USA

Mr Srinivas Eswarapu started his speech by extending his gratitude to the participants who attended the webinar.

Technology is everything now in this running world and whatever the age might be , the most needed aspect of his/her day is technology and it makes life a way more easier.

Sir introduced a few ideas and technologies that the present generation needed.

## Ideas can change Pandemic

Will buzz during the session

ML & AI can you used intensively

More sampling improves the accuracy

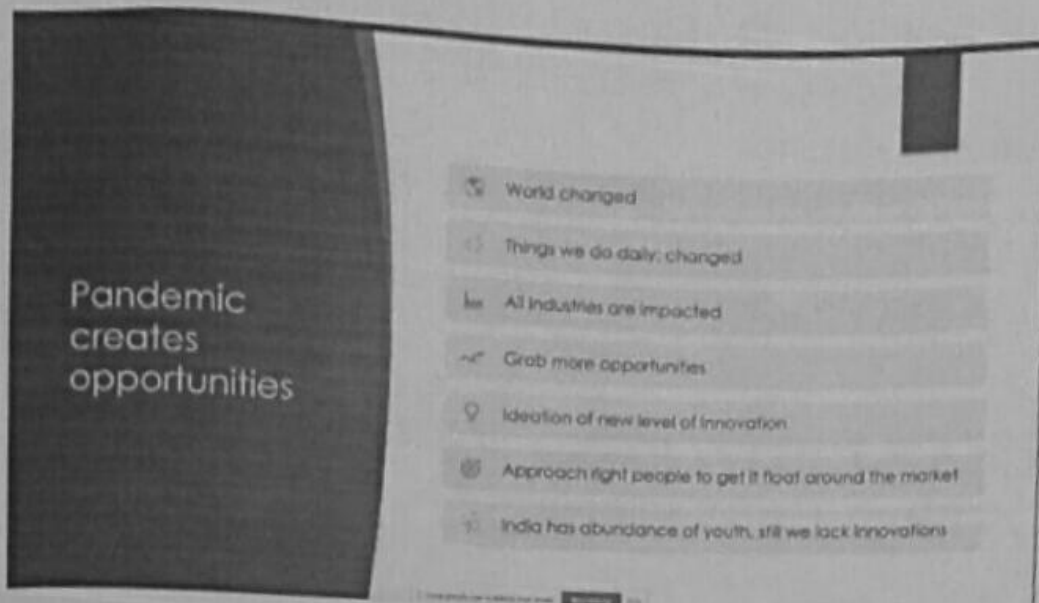

More No touch technologies needs to be improved.

Mr Srinivas mainly focused on how to change the situation of people in COVID-19 Pandemic . He said that "We are all facing the challenges that life is throwing at us and no crisis nor the pandemic should jeopardize our career" .

Later sir discussed a few opportunities that were created by the COVID-19 pandemic.

The opportunities that were created by the **chaos monkey** and **zoom meetings** made people closer during the Pandemic.

After his lecture , he answered all the queries that were raised by the Participants.

Finally the session concluded by advising all the participants to stay home and stay safe in this quarantine and wishing them good luck for the future.

## ONLINE GUEST LECTURE - WEBINAR

### SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 1-SESSION-2

DATE :- 13<sup>th</sup> June 2020

Number of participants :- 75

Objective:- Angular JS: Basics and Development Future Prospects.

Name of the resource person:- Mr. JVS. Chaitanya , Sr Software Development Engineer, Product Development, Kony Labs, Hyderabad

Mr Chaitanya started his lecture by extending his warm wishes to all the participants. Chaitanya was an alumni of Anil Neerukonda Institute of technology and Sciences . He was one of the brilliant students at that time. He was good at Web Development and Product Management.

AngularJS is a structural framework for dynamic web apps. It lets you use HTML as your template language and lets you extend HTML's syntax to express your application's components clearly and succinctly. AngularJS's data binding and dependency injection eliminate much of the code you would otherwise have to write.

He explained a few concepts about angular Js and started a hands on experience project explaining an user interface.

It took 1hr for building a sample demo application. Many participants found Angular JS is very easy to use and has more advantages in the future technologies.

Finally the webinar was concluded by advicing all the participants to be safe and to get updated with the current technology.

ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES ( A )  
(Affiliated to AU, Approved by AICTE & Accredited by NBA and NAAC with 'A' Grade)

## ONLINE GUEST LECTURE - WEBINAR

### SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 1-SESSION-3

DATE :- 14<sup>th</sup> June 2020

Number of participants :- 60

Objective:- Research Trends in AI/ Deep Learning for Computer Vision.

Name of the resource person:- Dr. Sridhar Swaminathan, Assistant Professor, CSE , Bennett University , Greater Nodia, India

Dr Sridhar Swaminathan started his speech by extending his gratitude to all the participants.

The session started with a brief introduction to AI and Deep Learning. He defined AI as a wide-ranging branch of computer science concerned with building smart machines capable of performing tasks that typically require human intelligence. He then explained a few raw facts about the data as - The amount of data we generate every day is staggeringly currently estimated at 2.6 quintillion bytes and it's the resource that makes deep learning possible. Since deep-learning algorithms require a ton of data to learn from, this increase in data creation is one reason that deep learning capabilities have grown in recent years.

He gave few practical examples of Deep Learning models. Few of them are:-

1. Virtual assistants
2. Translations
3. Vision for driverless delivery trucks, drones and autonomous cars
4. Chatbots and service bots
5. Image colorization
6. Facial recognition
7. Medicine and pharmaceuticals
8. Personalized shopping and entertainment

He gave the difference between Data Science, Machine Learning and Artificial Intelligence and the road map for learning these technologies.

He then had a Q&A session and solved all the doubts of the participants.

Finally the session concluded by advising all the participants to stay safe at home.

## ONLINE GUEST LECTURE WEBINAR

SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 2-SESSION-1

DATE :- 19<sup>th</sup> June 2020

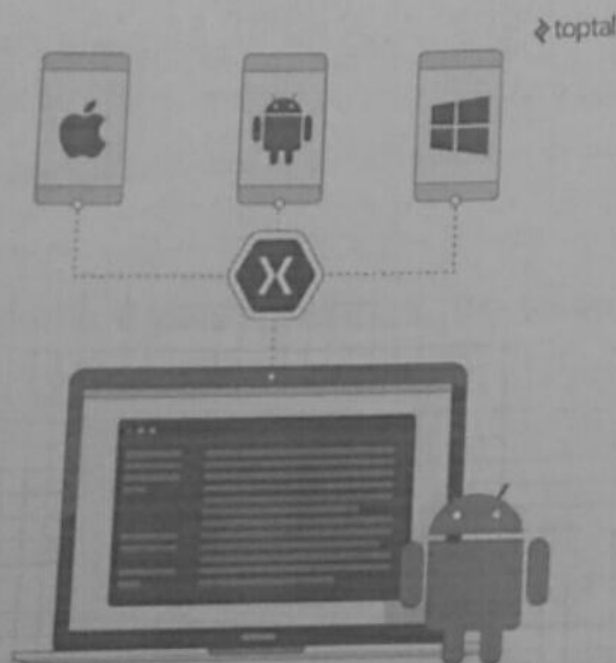

Number of participants :- 70

Objective:- Xamarin Cross Platform App Development

Name of the resource person:- Mr.Satyaram Antharvedi, Sr.Software Engineer, HCL ,Bangalore

Mr. Satyaram Antharvedi started his seminar by extending his gratitude to the participants who attended.

Xamarin helps developers build versions that are native to each kind of multi-device native apps. It helps reduce the cost as it allows the developers to work hassle-free with a single coding language and a unique Integrated Developer Environment (IDE) for mobile app development across multiple platforms.

He explained all the basics about the Xamarin Platform before discussing about the development of xamarin.

In order to write cross-platform applications with Xamarin, developers need to choose one of the two available types of projects:

- Portable Class Library (PCL)
- Shared Project

The PCL allows you to write code that can be shared among multiple platforms, but with one limitation. Since not all .NET APIs are available on all platforms, with a PCL project, you will be limiting it to run on platforms for which it is targeted.

Later as module two, he explained about the platforms that support Xamarin development.

### Platforms Supported by Xamarin

To write iOS apps, you need a Mac or a reasonable facsimile. Xamarin offers three broad choices:

- **Use Visual Studio on Windows:-** Using Visual Studio, you can develop iOS and Android apps natively on your Windows computer.
- **Use Xamarin Studio on Windows:-** Instead of Visual Studio, Xamarin provides its own IDE: Xamarin Studio. Like Visual Studio, Xamarin Studio provides a world-class development environment to accelerate your development effort.
- **Use Xamarin Studio on a Mac:-** This is the best option if you are developing applications for both iOS and Android. Xamarin Studio's tight integration with Xcode makes designing and testing iOS applications easy.

A small application was designed with Xamarin Platform at the end of the session.

A small Q&A section was conducted after the completion of the topic and doubts are explained clearly.

Finally the session ended.

## ONLINE GUEST LECTURE WEBINAR

SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 2-SESSION-2

DATE :- 20<sup>th</sup> June 2020

Number of participants :- 50

Objective:- Development of spring boot and web services

Name of the resource person:- Mr. Sriharsha Dommeti, Sr Developer, Deloitte

Mr. Sriharsha started his seminar by extending his gratitude to the participants who attended.

Mr. Sriharsha works as a Spring Boot Designer. He started his topic by raising a question to participants about "What is Spring Boot?". Most of the participants don't have any idea about Spring Boot.

**Spring Boot** is an open source Java-based framework used to create a micro Service. It is developed by Pivotal Team and is used to build stand-alone and production ready spring applications.

He said "Spring Boot provides a good platform for Java developers to develop a stand-alone and production-grade spring application that you can just run. You can get started with minimum configurations without the need for an entire Spring configuration setup."

### Why Do We Need a Spring Boot ?

We can choose Spring Boot because:-

- It provides a flexible way to configure Java Beans, XML configurations, and Database Transactions.
- In Spring Boot, everything is auto configured; no manual configurations are needed.
- It offers annotation-based spring applications.
- Eases dependency management.

Later Harsha explained how to create a project in Spring Boot. The Process is as follows:-

### Creating a Project in Spring Boot

1. Use `start.spring.io` to create a "web" project. In the "Dependencies" dialog search for and add the "web" dependency.
2. Hit the "Generate" button, download the zip, and unpack it into a folder on your computer.

Projects created by `start.spring.io` contain Spring Boot, a framework that makes Spring ready to work inside your app, but without much code or configuration required. Spring Boot is the quickest and most popular way to start Spring projects.

3. Open up the project in your IDE and locate the `DemoApplication.java` file in :- `src/main/java/com/example/demo` folder.

Now change the contents of the file by adding the extra method and annotations shown in the code below. You can copy and paste the code or just type it.

4. Build a Spring Boot Application and run the program.

Open a command line (or terminal) and navigate to the folder where you have the project files. We can build and run the application by issuing the following command:

```
mvnw spring-boot:run
```

Later a small code was built and executed.

He explained the importance of the Spring Boot role in future technologies and its rapid growth. All the doubts were solved by him at the end of the session. The session ended by advising all the participants to stay safe at home and get updated with the current technology.

## ONLINE GUEST LECTURE WEBINAR

SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 3-SESSION-1

DATE :- 3<sup>rd</sup> July 2020

Number of participants :- 50

**Objective:-** Industry IT Trends Tools, Emerging Areas of Enterprise AI & its infusion in Applications

**Name of the resource person:-** Mr. Shyam Vamsi Tekumudi , Full Stack Developer

Mr. Shyam Vamsi is the alumni of Anil Neerukonda Institute of Technology and Sciences. In the webinar he mainly concentrated on the current IT trends. According to him the current 10 emerging IT Trends are:-

1. AI
2. Blockchain
3. Cyber Security
4. Drones
5. Edge Computing
6. IOT
7. Quantum Computing
8. Virtual Reality
9. 3D Printing
10. 5G

These are the future IT Trends and for the status of these Technologies, he explained about few IT Trend Tools. They are: Google Alerts, Google Trends, Feedly, Topsy, BuzzFeed Social Mentions, Viral Video Chart and etc.

Shyam is very interested in Artificial Intelligence and he gave a good view on what is AI? Artificial intelligence (AI) is the simulation of human intelligence processes by machines, especially computer systems.

Later as module 2, he explained his interest in Emerging Areas of Enterprise AI. According to KPMG the eight key trends deploying technology, organization, capital, and strategies for AI success are:-

- Predictive Analytics.
- Higher Use Of Anomaly Detection.
- Machine Learning-Driven Cybersecurity.
- More User-Friendly AI Platforms With Increased Adoption.
- AI For Productivity And Work Balance.

He described AI as a game-changer. "Despite it being many decades old, it's only recently been globally adopted by a wide range of businesses and industries. Identifying and capitalizing on AI trends can keep your company one step ahead of competitors while achieving a higher level of productivity."

Later a small Q&A session happened and many doubts were raised on the technologies and the roadmaps of technologies. Mr. Shyam clarified all the doubts and encouraged the participants to learn new technologies and implement them in current situations.

Finally the session ended.

## ONLINE GUEST LECTURE WEBINAR

SOFTWARE INDUSTRY-TOOLS AND METHODOLOGIES-PHASE 3-SESSION-2

DATE :- 4<sup>th</sup> July 2020

Number of participants :- 50

Objective:- Exploratory Data Analysis and Design Thinking

Name of the resource person:- Gurunaidu Pinninti, Data Scientist, Aida Technologies, Singapore.

Mr Gurunaidu extended his gratitude to all the participants and started his topic by giving introduction to Data Science.

Data science is the field of study that combines domain expertise, programming skills, and knowledge of mathematics and statistics to extract meaningful insights from data. Data science practitioners apply machine learning algorithms to numbers, text, images, video, audio, and more to produce artificial intelligence(AI) systems to perform tasks that ordinarily require human intelligence. In turn, these systems generate insights which analysts and business users can translate into tangible business value.

Later he explained who are data scientists and what are their roles?

“Data scientists are analytical experts who utilize their skills in both technology and social science to find trends and manage data. They use industry knowledge, contextual understanding, skepticism of existing assumptions – to uncover solutions to business challenges. A data scientist’s work typically involves making sense of messy, unstructured data, from sources such as smart devices, social media feeds, and emails that don’t neatly fit into a database.”

He explained how to become a Data Scientist in 6 steps:-

1. Pursue an undergraduate degree in data science or a closely related field.

2. Learn required skills to become a data scientist.
3. Consider a specialization.
4. Get your first entry-level data scientist job.
5. Review additional data scientist certifications and post-graduate learning.
6. Earn a master's degree in data science.

And then he entered into the main topic about Exploratory Data Analysis.

"Exploratory data analysis (EDA) is used by data scientists to analyze and investigate data sets and summarize their main characteristics, often employing data visualization methods. It helps determine how best to manipulate data sources to get the answers you need, making it easier for data scientists to discover patterns, spot anomalies, test a hypothesis, or check assumptions."

#### Types of exploratory data analysis

- 1) Univariate non-graphical
- 2) Univariate graphical.
- 3) Multivariate nongraphical
- 4) Multivariate graphical

#### Exploratory Data Analysis Tools

**Python:** Is an interpreted, object-oriented programming language with dynamic semantics..

Python and EDA can be used together to identify missing values in a data set, which is important so you can decide how to handle missing values for machine learning.

**R:** It is an open-source programming language and free software environment for statistical computing and graphics supported by the R Foundation for Statistical Computing.

Later the Q & A session started and all the participants raised a lot of doubts on data science and machine learning. Mr . Gurunaidu cleared all the doubts and encouraged all the participants to feel free to contact him if they have any doubts.

Finally the webinar ended.

# ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY & SCIENCES

Autonomous status accorded by UGC and Andhra University  
Approved by AICTE and permanently affiliated to Andhra University  
Accredited by NBA and by NAAC with "A" Grade  
Sangivalsa - 531162, Bheemunipatnam Mandal, Visakhapatnam.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

in association with CSI and ACM STUDENT CHAPTERS OF ANITS in collaboration  
with TIME INSTITUTE

### WEBINAR

ON

## Changes, Challenges & Opportunity in GATE Exam

#### Highlights of Webinar:

- Recent Changes as announced by IIT Bombay
- Change of Eligibility Criteria for GATE Exam
- Various Career Options through GATE
- GATE Preparation Strategy (Online Course)

**EVENT DATE:** 12TH SEPTEMBER 2020

**TIMINGS:** 4PM TO 5:30PM

**VENUE:** GOTO WEBINAR (VIRTUAL)

Registrations are open for all 3rd year & 4th  
year students of all branches

Registration link: [bit.ly/GATEWebinarANITS](https://bit.ly/GATEWebinarANITS)

Registrations last date : 11th september, 2020

(After Registration, Link to Join the Webinar will be sent to  
your respective mail ids)

#### Faculty Co-Ordinators:

- 1) Dr.K.Selvani Deepthi  
Associate Prof., CSE, ANITS
- 2) Mrs.S V S S Lakshmi  
Assistant Prof., CSE, ANITS

**Prof.T.V.Hanumantha Rao**  
Principal, ANITS

**Dr. R. Sivaranjani**

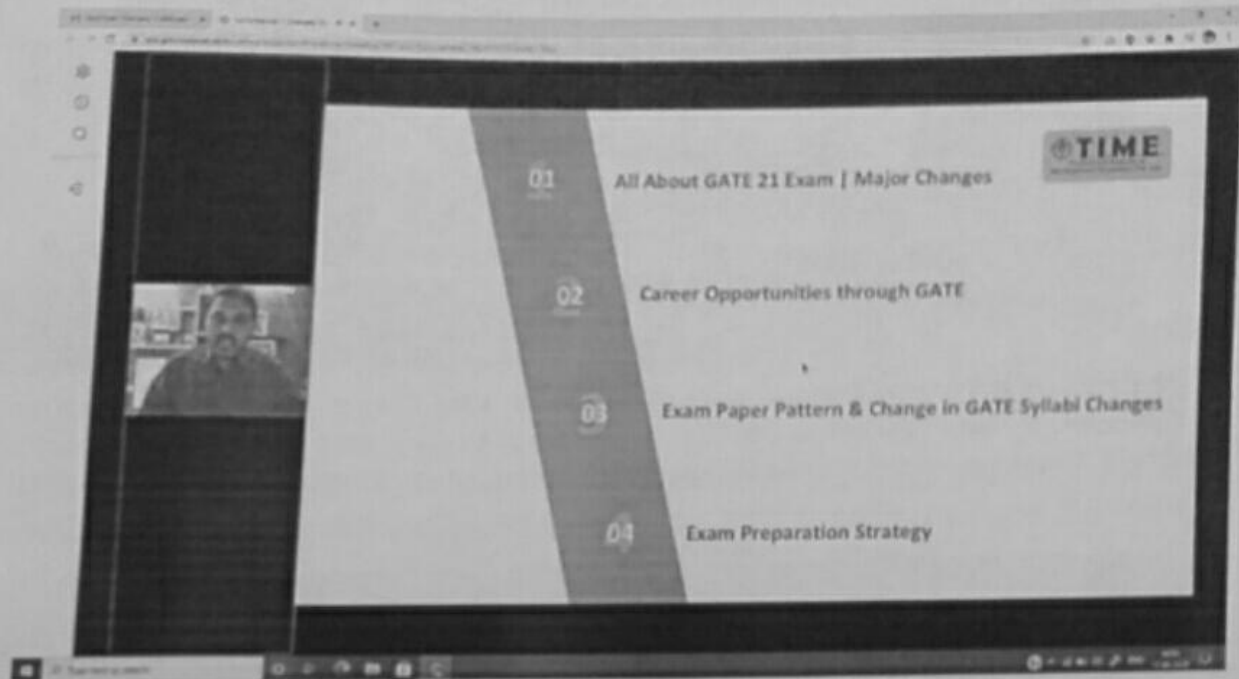

Head of the Department, CSE, ANITS.

## Changes, Challenges and Opportunities in GATE Exam

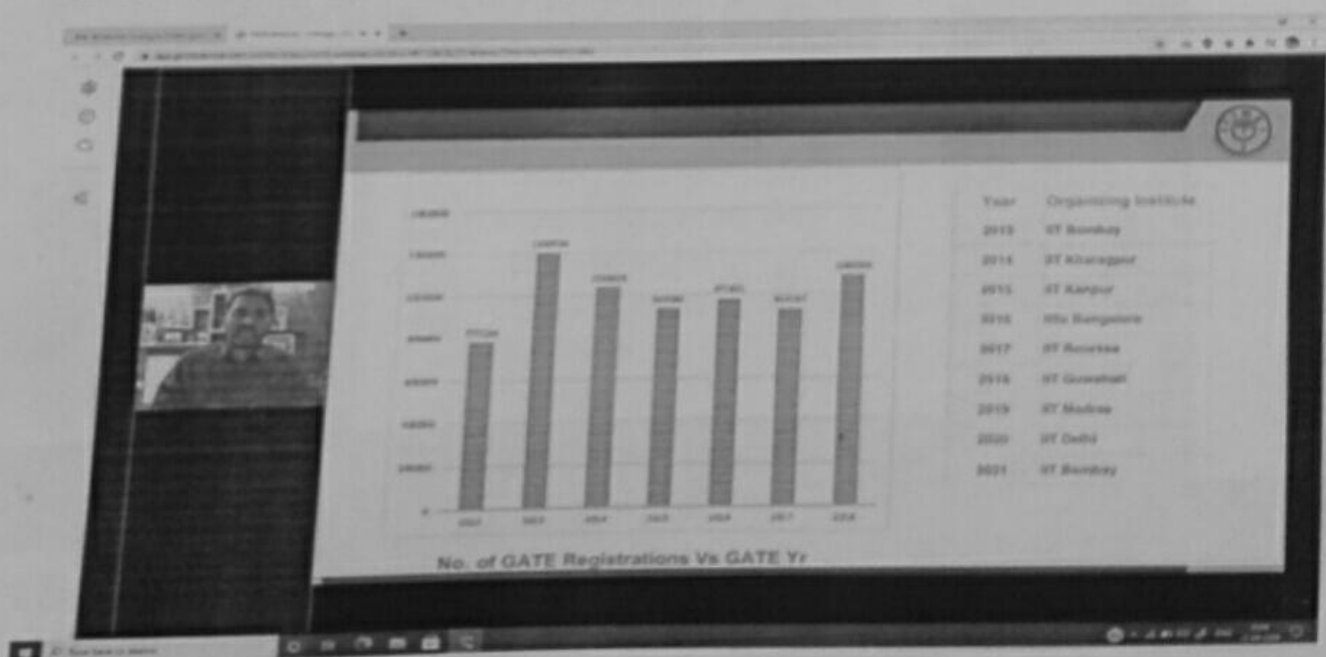

Interactive webinar on gate examination 2021 and major changes that are made in this academic year ,this was conducted on 12-09-2020 at afternoon by time institute ,this was addressed by the management of time ,this session was interactive and most important session ,

He divided the entire lecture into four parts ,the list given below:

- 1.all about gate 2021/major changes
- 2.career opportunities through gate
- 3.exam paper pattern, changes syllabi
- 4.exam strategy

He then started about the student registration vs paper organised by the institute, and this is the statistical data that he presented and explained to us

After discussing about the previous year papers and pattern, difficulty level of papers etc, this year the paper of 2021 was organised by IIT BOMBAY and later he discussed the important dates of the gate Examination

**Important Dates**

- MONDAY 14th Sep 2020: GATE Online Admission Processing System (GOAPS) Website Opens
- WEDNESDAY 30th Sep 2020: Closing Date of REGULAR online registration / application portal
- WEDNESDAY 7th Oct 2020: End of Extended period for online Registration / application (with late fee)
- FRIDAY 13th Nov 2020: Last Date for change of Category, Paper and Examination City (an additional fee will be applicable)
- FRIDAY 8th Jan 2021: Admit Card will be available in the Online Application Portal (for printing)
- MONDAY 22nd Mar 2021: Announcement of the Results in the Online Application Portal

**FEBRUARY 2021**

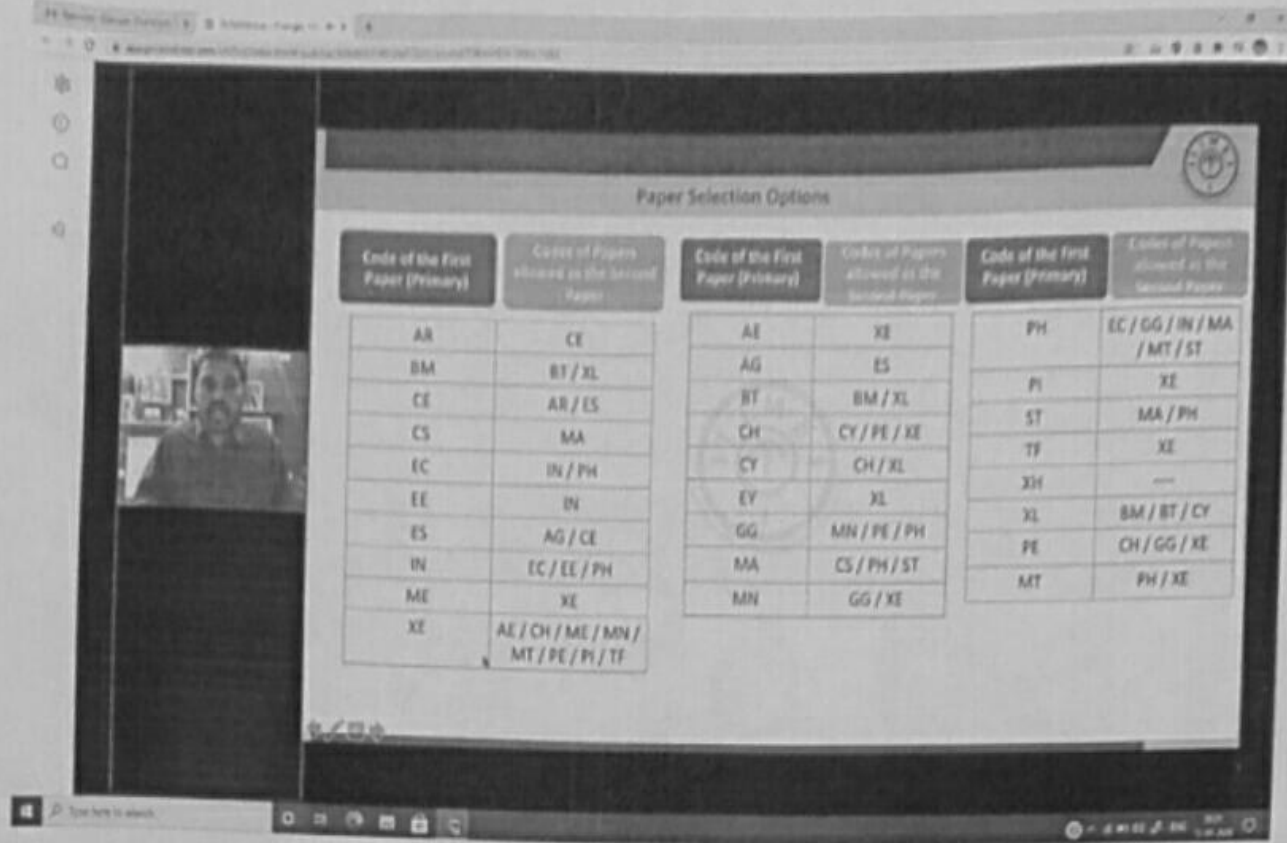

Week	M	T	W	T	F	S	S
01							
02							
03							
04							
05							

This year there is change in attempts, exam pattern, syllabus etc, this every aspirants who want to crack exam they have two chances, this score is valid for three years, third year students can also attempt the gate examination along with fourth year student. they added two new papers for 2021.

**Important Changes**

- 01 Eligibility Criteria**  
-3<sup>rd</sup> years are Eligible
- 02 Increased No. of Paper Attempts**
- 03 Addition of 2 New Papers**
- 04 ONE or TWO subject papers allowed**
- 05 Paper Pattern & Syllabi Changes**

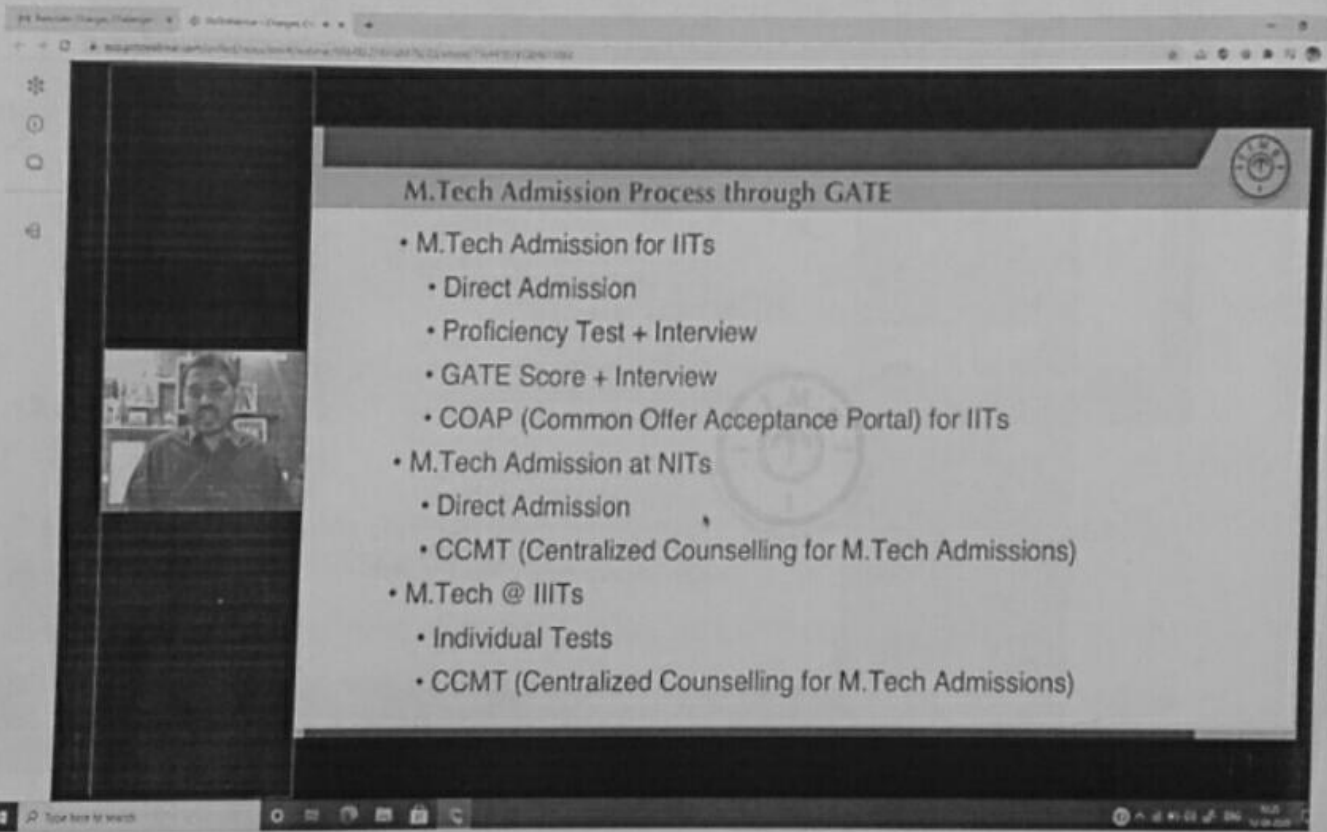

After discussing about changes he said about the paper selection as I previously mentioned above that this year we can attempt two paper at a stretch like as we are from computer science student we will attempt our core subjects paper and also the mathematics paper too likewise for each every dept they have multiple papers to attempt and the details are below

FURTHERHE DISCUSSED ABOUT THE CAREER OPTIONS THAT ARE AVAILABLE THROUGH GATE :  
AND WHAT IS BENEFIT OF WRITING GATE , ADMISSION PROCESS ETC

**1 M.TECH THROUGH GATE :**

FOR ADMISSION IN NIT,IIT THEY HAVE THEY STRAGIES TO GIVE ADMISSION IN THOSE REPUTED COLLEGES/UNVIVERSITY,THIS IS MOST IMPORTANT SLIDE THAT WE MUST CONCENTRATE MORE

**2.CAREER OPTION FOR HIGHER STUDIES:**

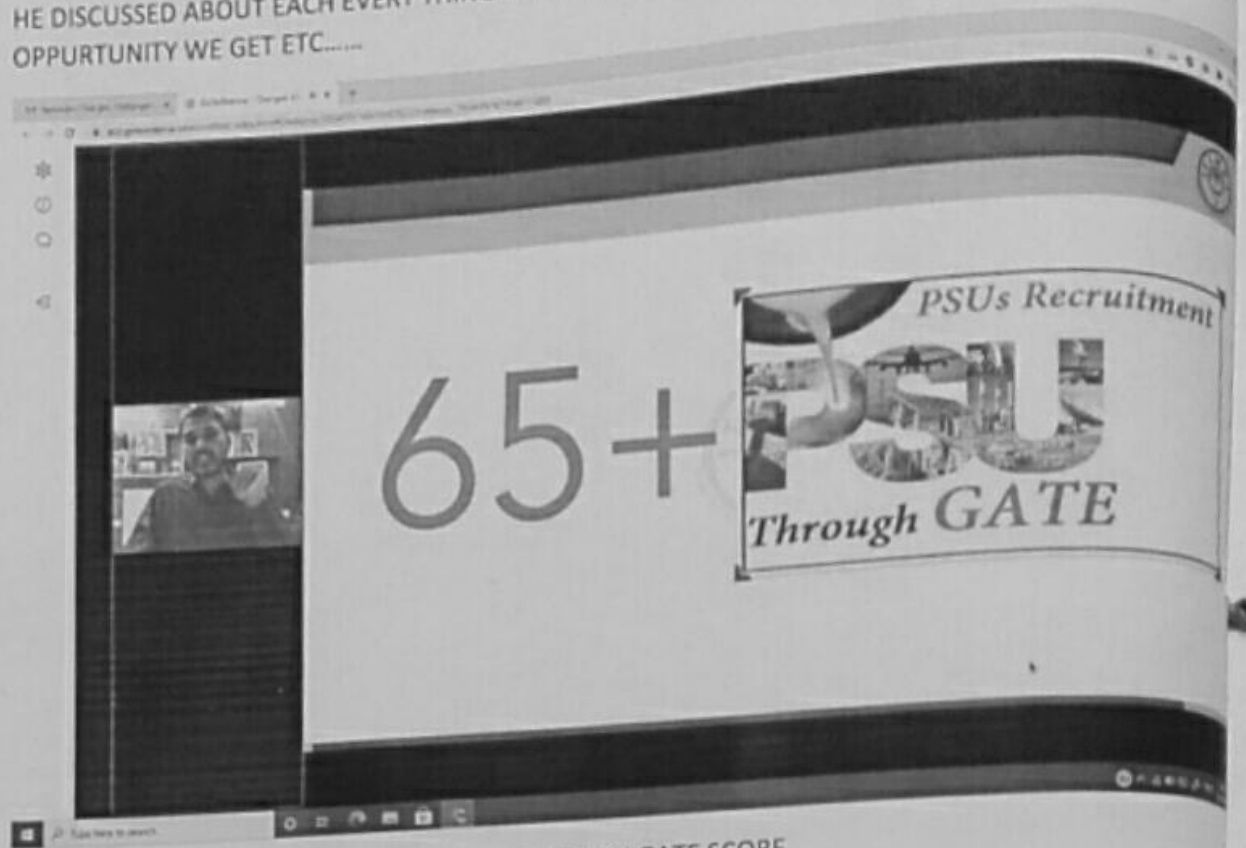

MTECH(MASTER'S IN TECHNOLOGY)

MS(MASTERS IN SCIENCES)

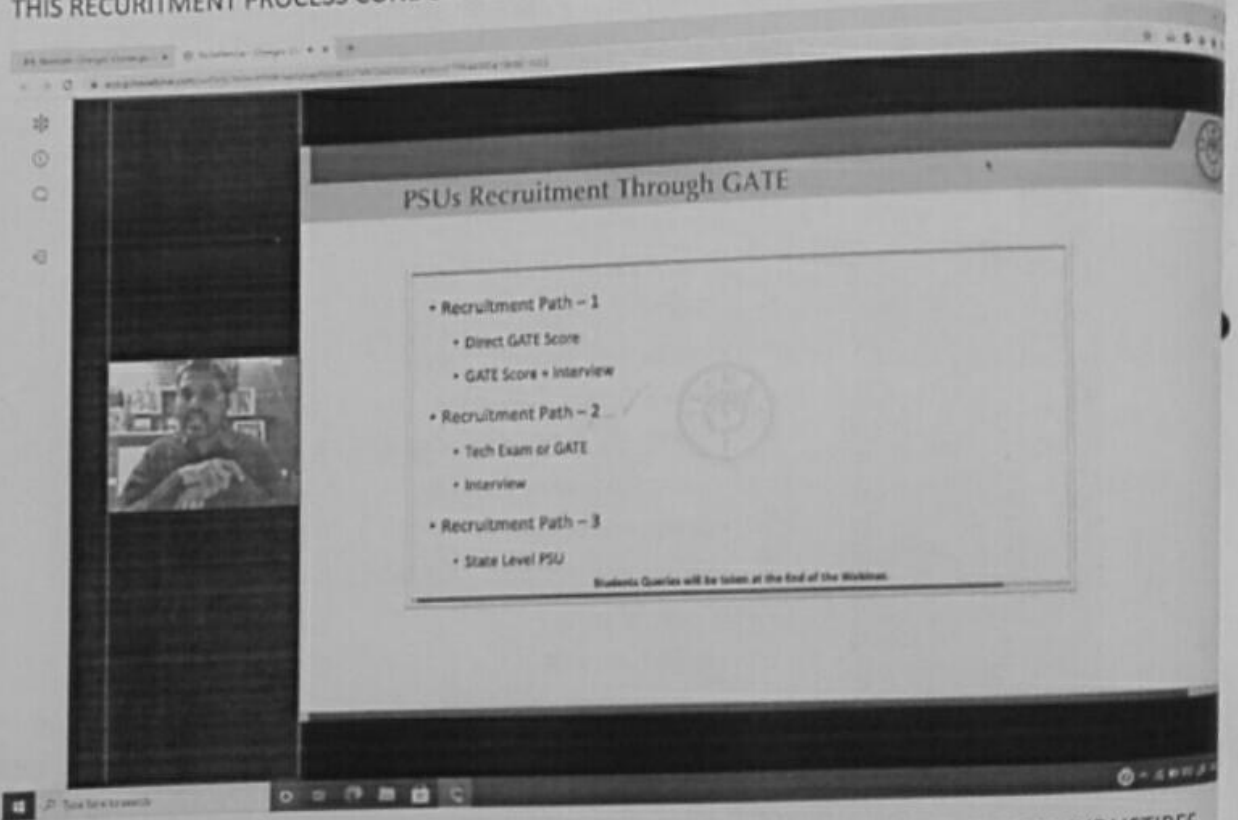

PHD(DOCTRATE OF PHILOSOPHY)

MBA(MASTER'S OF BUSINESS ADMINISTRATION)

HE DISCUSSED ABOUT EACH EVERY THING IN DETAIL HOW DO WE JOIN AND WHAT ARE THE OPPURTUNITY WE GET ETC.....

THIS RECURITMENT PROCESS CONDUCTED THROUGH GATE SCORE

RESEARCH OPTION THROUGH GATE IN INDUSTRIES LIKE CSIR,BARC AND ALSO IN MAJOR INDUSTRIES AS FELLOWSHIP OPPORTUNTIES TOO.

### Other Career Opportunities

**NITIE Mumbai (National Institute of Industrial Engineering)**

**Course Offered:**

- PGDIE (120 Seats)
- PGDPM (40 Seats)
- PGDMM (40 Seats)

**Admission Through:**

- GATE & GDPI

**Avg. Domestic package - 18.45 LPA**  
**Highest Domestic package - 46.5 LPA**  
**Highest Int. Package - 65 LPA**  
**Eligible Branches: EE | ME | CE**

**MS Options:**

- NUS Singapore, NTU Singapore
- Auckland Univ. New Zealand
- Stuttgart University, Germany

**Fellowship Options(Mgmt):**

- IIMA, IIMB
- Stipend - Rs. 22,000

### Opportunities - Abroad through GATE

**NTU  
NLP**  
Nanyang Technological University

**NUS**  
National University of Singapore

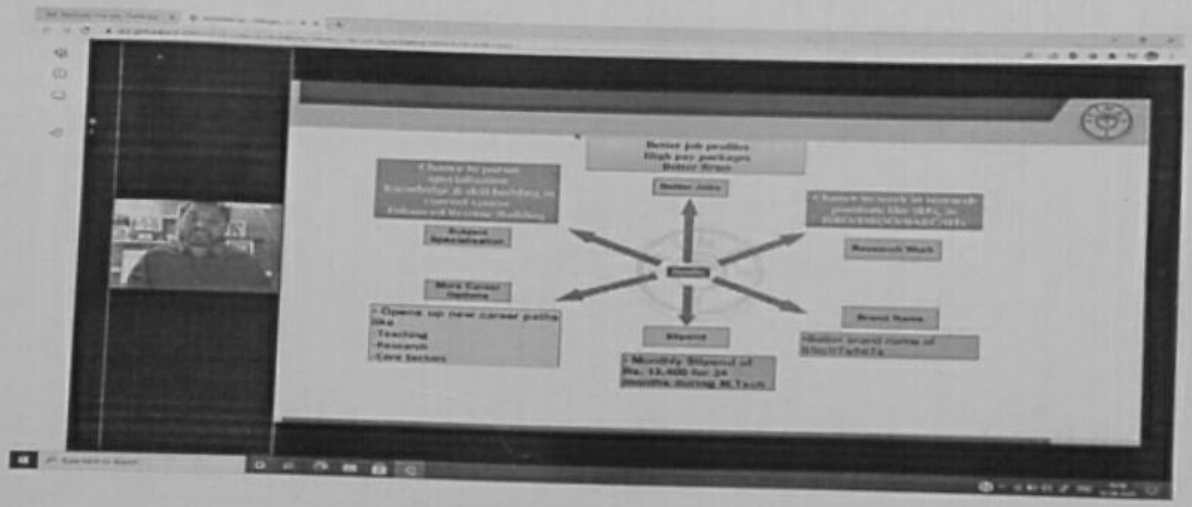

**RWTHAACHEN  
UNIVERSITY**  
RWTH Aachen

**TUM**  
Technische Universität München  
Technical University of Munich

**BENEFITS OF GATE EXAM:**

**EXAM FORMULA :** THIS EXAM STRATEGY THAT EVERY ASPIRANT MUST FOLLOW TO CRACK THE GATE EXAMINATION

8M=40Y MEANS EIGHT MONTHS HARDWORK IS EQUAL TO FORTY YEARS OF LIFE HE SAID.

AND HE CONCLUDE THE SESSION BY TALKING ABOUT THE CHANGE IN EXAM PATTERN AND AT LAST WE GAVE ACCESS FOR TIME E-LEARNING PLATFORM AND GAVE THE DETAILS OF THE WEBSITE

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

in association with CSI and ACM STUDENT CHAPTERS OF ANITS in collaboration  
with TIME INSTITUTE

### WEBINAR

ON

## Changes, Challenges & Opportunity in GATE Exam

#### Highlights of Webinar:

- Recent Changes as announced by IIT Bombay
- Change of Eligibility Criteria for GATE Exam
- Various Career Options through GATE
- GATE Preparation Strategy (Online Course)

**EVENT DATE:** 12TH SEPTEMBER 2020

**TIMINGS:** 4PM TO 5:30PM

**VENUE:** GOTO WEBINAR (VIRTUAL)

Registrations are open for all 3rd year & 4th  
year students of all branches

Registration link: [bit.ly/GATEWebinarANITS](https://bit.ly/GATEWebinarANITS)

Registrations last date : 11th september, 2020

(After Registration, Link to Join the Webinar will be sent to  
your respective mail ids)

#### Faculty Co-Ordinators:

- 1) Dr.K.Selvani Deepthi  
Associate Prof., CSE, ANITS
- 2) Mrs.S V S S Lakshmi  
Assistant Prof., CSE, ANITS

**Prof.T.V.Hanumantha Rao**  
Principal, ANITS

**Dr. R. Sivaranjani**

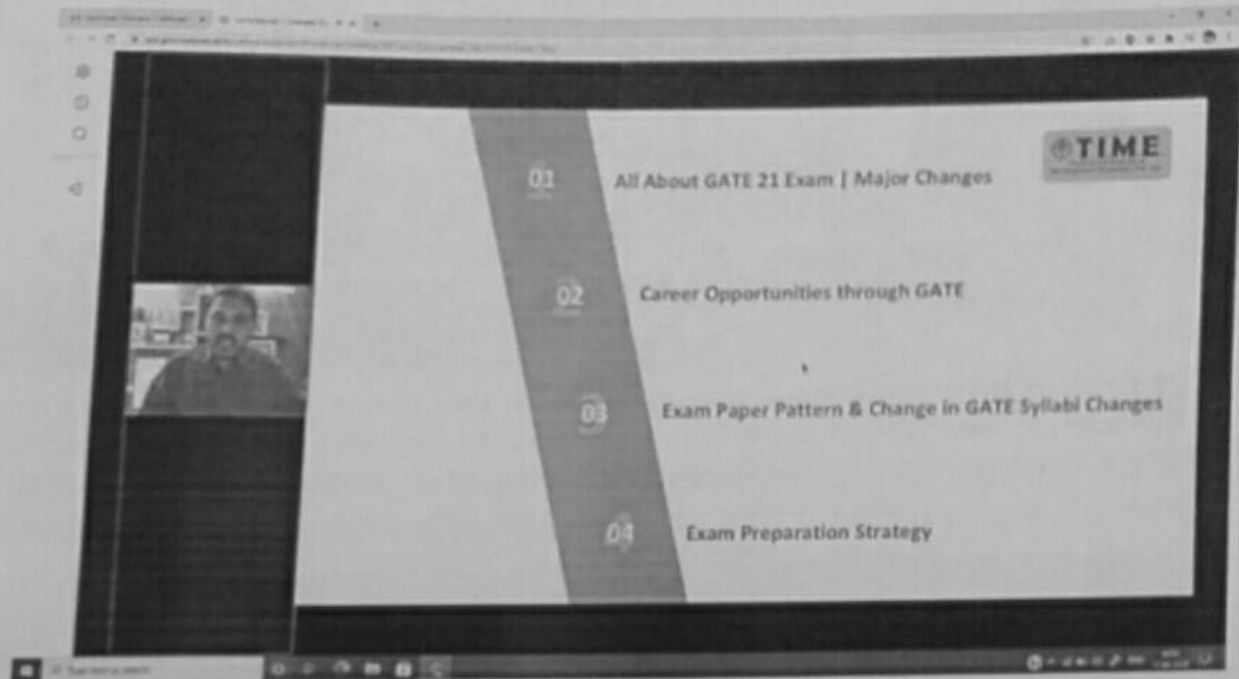

Head of the Department, CSE, ANITS.

## Changes, Challenges and Opportunities in GATE Exam

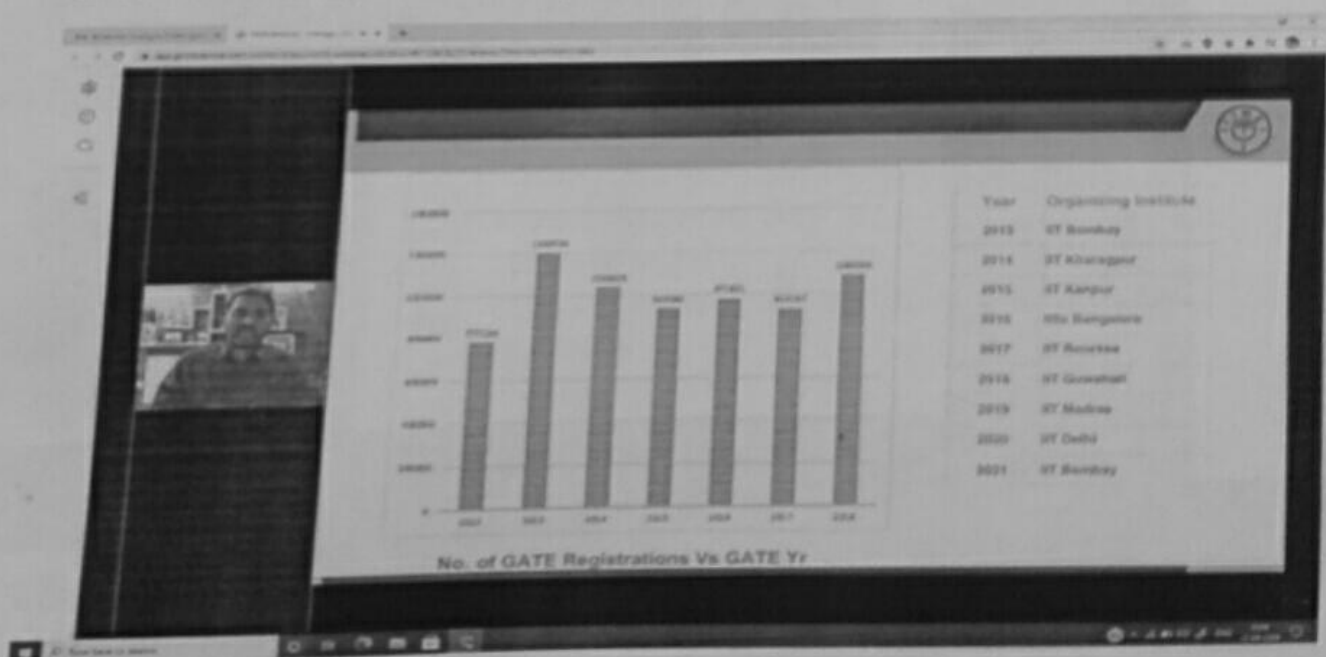

Interactive webinar on gate examination 2021 and major changes that are made in this academic year ,this was conducted on 12-09-2020 at afternoon by time institute ,this was addressed by the management of time ,this session was interactive and most important session ,

He divided the entire lecture into four parts ,the list given below:

- 1.all about gate 2021/major changes
- 2.career opportunities through gate
- 3.exam paper pattern, changes syllabi
- 4.exam strategy

He then started about the student registration vs paper organised by the institute, and this is the statistical data that he presented and explained to us

After discussing about the previous year papers and pattern, difficulty level of papers etc, this year the paper of 2021 was organised by IIT BOMBAY and later he discussed the important dates of the gate Examination

**Important Dates**

- MONDAY 14th Sep 2020: GATE Online Admission Processing System (GOAPS) Website Opens
- WEDNESDAY 30th Sep 2020: Closing Date of REGULAR online registration/ application portal
- WEDNESDAY 7th Oct 2020: End of Extended period for online Registration / application (with late fee)
- FRIDAY 13th Nov 2020: Last Date for change of Category, Paper and Examination City (an additional fee will be applicable)
- FRIDAY 8th Jan 2021: Admit Card will be available in the Online Application Portal (for printing)
- MONDAY 22nd Mar 2021: Announcement of the Results in the Online Application Portal

**FEBRUARY 2021**

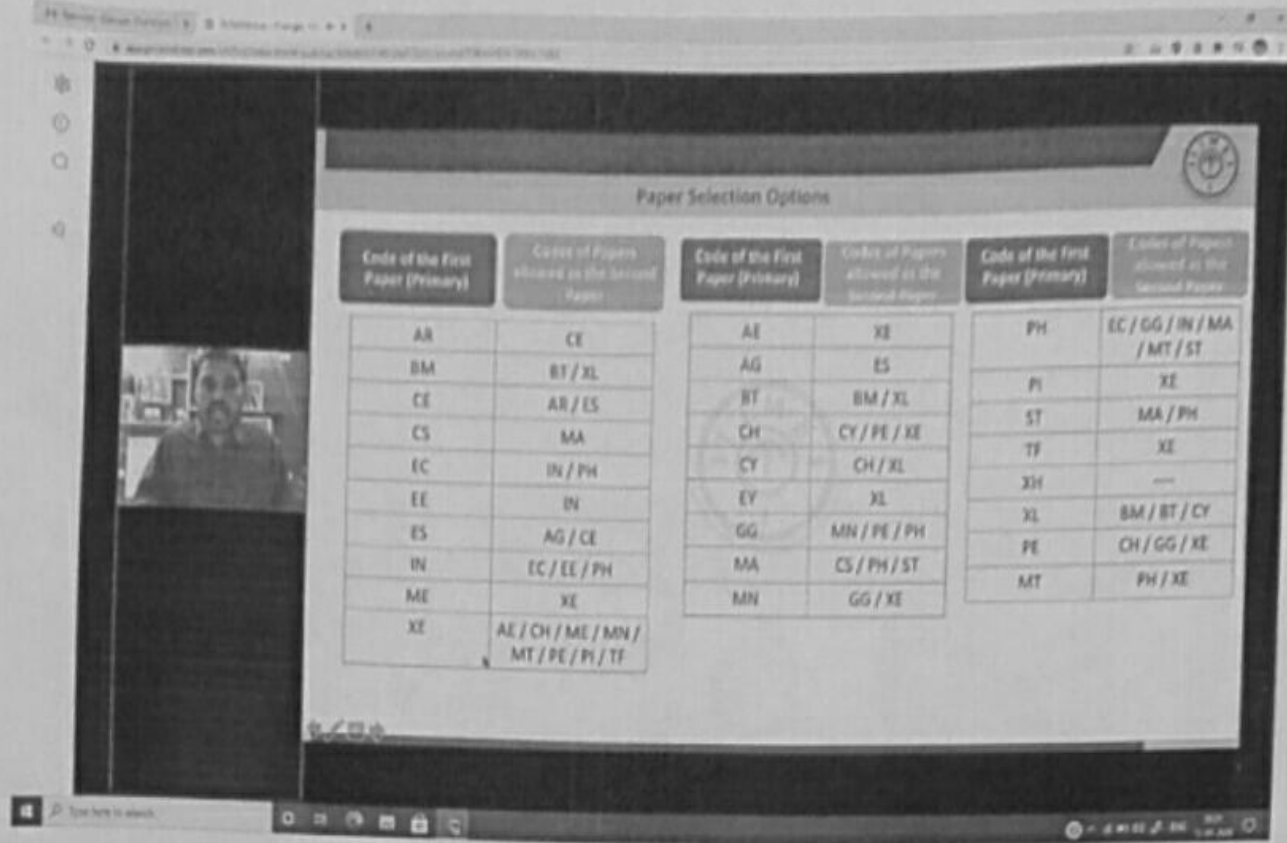

Week	M	T	W	T	F	S	S
01							
02							
03							
04							
05							

This year there is change in attempts, exam pattern, syllabus etc, this every aspirants who want to crack exam they have two chances, this score is valid for three years, third year students can also attempt the gate examination along with fourth year student. they added two new papers for 2021.

**Important Changes**

- 01 Eligibility Criteria**  
-3<sup>rd</sup> years are Eligible
- 02 Increased No. of Paper Attempts**
- 03 Addition of 2 New Papers**
- 04 ONE or TWO subject papers allowed**
- 05 Paper Pattern & Syllabi Changes**

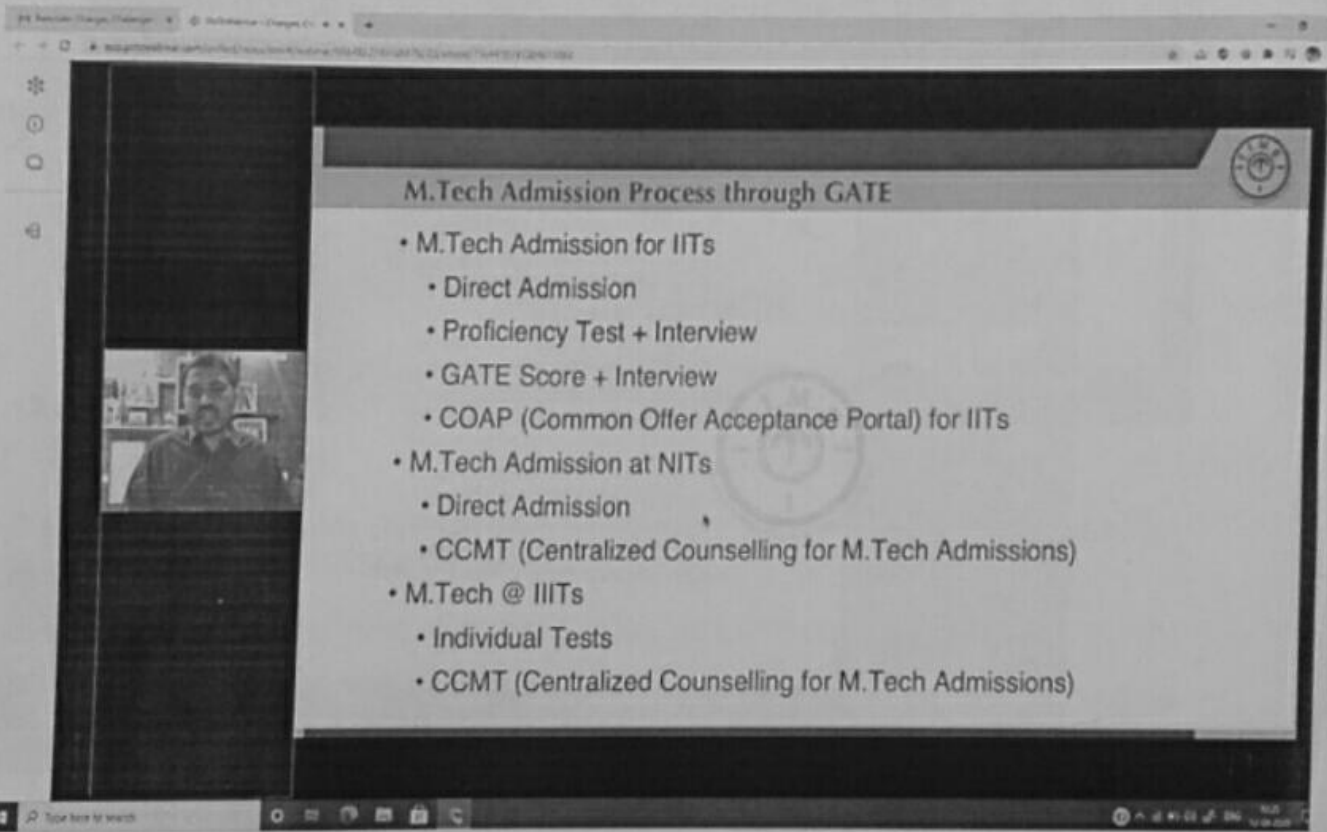

After discussing about changes he said about the paper selection as I previously mentioned above that this year we can attempt two paper at a stretch like as we are from computer science student we will attempt our core subjects paper and also the mathematics paper too likewise for each every dept they have multiple papers to attempt and the details are below

FURTHERHE DISCUSSED ABOUT THE CAREER OPTIONS THAT ARE AVAILABLE THROUGH GATE :  
AND WHAT IS BENEFIT OF WRITING GATE , ADMISSION PROCESS ETC

1 M.TECH THROUGH GATE :

FOR ADMISSION IN NIT,IIT THEY HAVE THEY STRAGIES TO GIVE ADMISSION IN THOSE REPUTED COLLEGES/UNVIVERSITY,THIS IS MOST IMPORTANT SLIDE THAT WE MUST CONCENTRATE MORE

2.CAREER OPTION FOR HIGHER STUDIES:

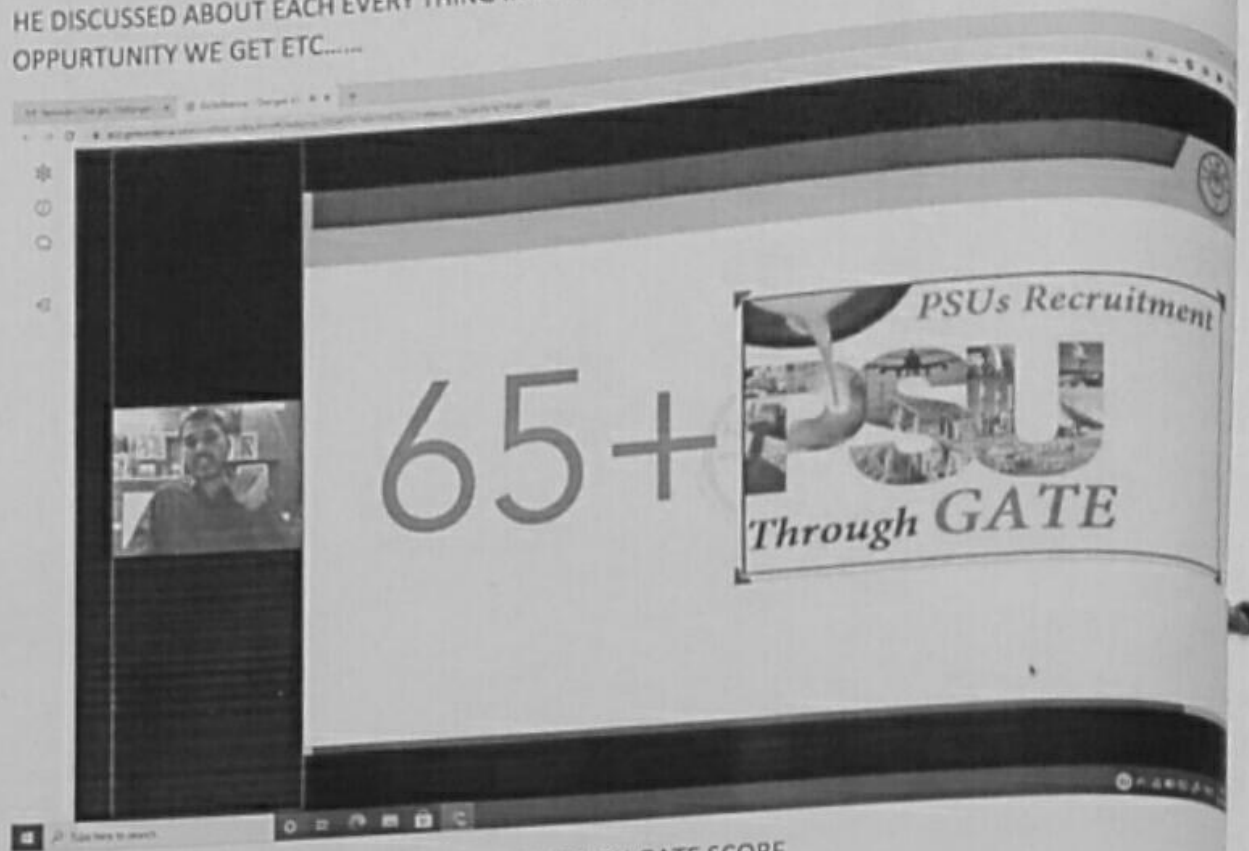

MTECH(MASTER'S IN TECHNOLOGY)

MS(MASTERS IN SCIENCES)

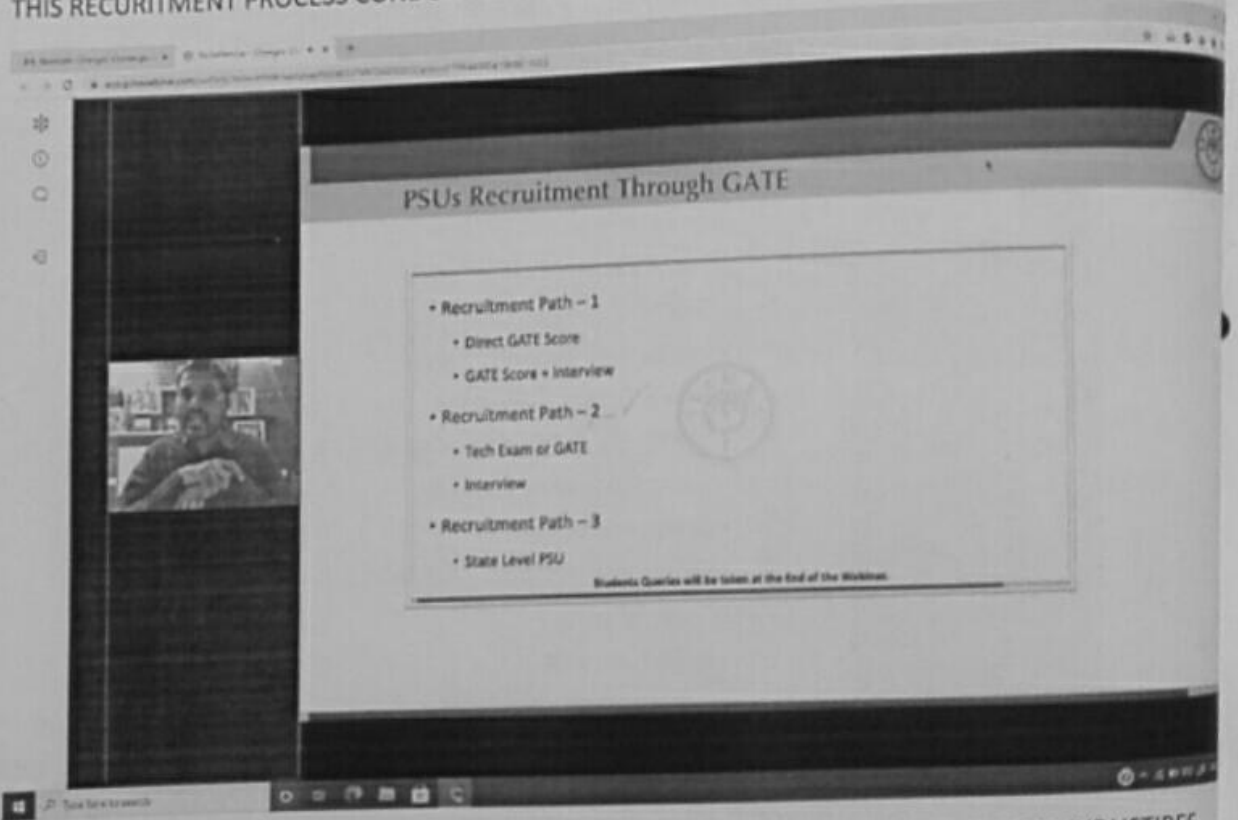

PHD(DOCTRATE OF PHILOSPHY)

MBA(MASTER'S OF BUSINESS ADMINISTRATION)

HE DISCUSSED ABOUT EACH EVERY THING IN DETAIL HOW DO WE JOIN AND WHAT ARE THE OPPURTUNITY WE GET ETC.....

THIS RECURITMENT PROCESS CONDUCTED THROUGH GATE SCORE

RESEARCH OPTION THROUGH GATE IN INDUSTRIES LIKE CSIR,BARC AND ALSO IN MAJOR INDUSTRIES AS FELLOWSHIP OPPORTUNTIES TOO.

### Other Career Opportunities

**NITIE Mumbai (National Institute of Industrial Engineering)**

**Course Offered:**

- PGDIE (120 Seats)
- PGDPM (40 Seats)
- PGDMM (40 Seats)

**Admission Through:**

- GATE & GDPI

**Avg. Domestic package - 18.45 LPA**  
**Highest Domestic package - 45.5 LPA**  
**Highest Int. Package - 65 LPA**  
**Eligible Branches: EE | ME | CE**

**MS Options:**

- NUS Singapore, NTU Singapore
- Auckland Univ. New Zealand
- Stuttgart University, Germany

**Fellowship Options (Mgmt):**

- IIMA, IIMB
- Stipend - Rs. 22,000

### Opportunities - Abroad through GATE

**NTU NLP**  
Nanyang Technological University

**NUS**  
National University of Singapore

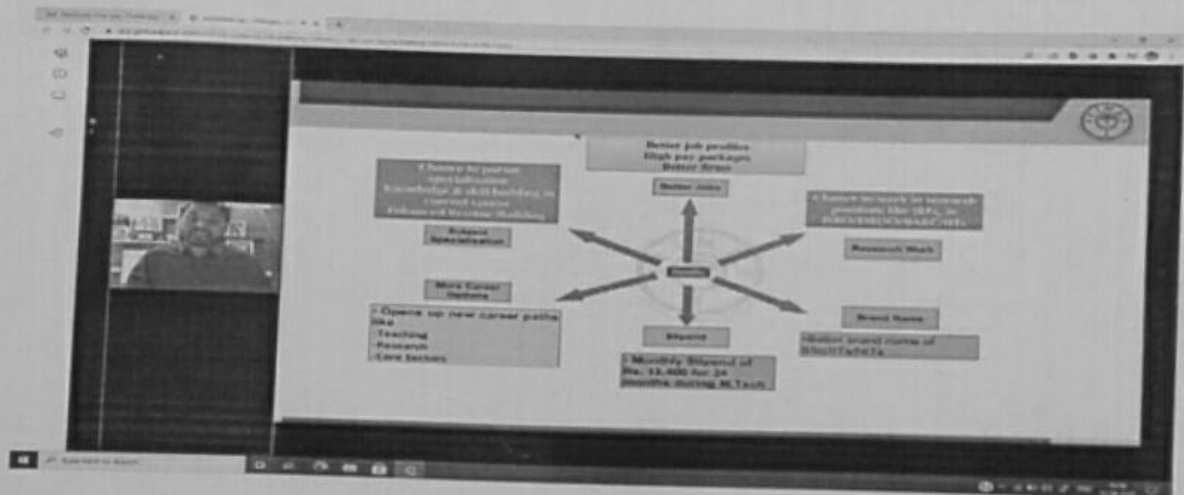

**RWTH AACHEN UNIVERSITY**  
RWTH Aachen

**TUM**  
Technische Universität München  
Technical University of Munich

**BENEFITS OF GATE EXAM:**

**EXAM FORMULA :** THIS EXAM STRATEGY THAT EVERY ASPIRANT MUST FOLLOW TO CRACK THE GATE EXAMINATION

8M=40Y MEANS EIGHT MONTHS HARDWORK IS EQUAL TO FORTY YEARS OF LIFE HE SAID.

AND HE CONCLUDE THE SESSION BY TALKING ABOUT THE CHANGE IN EXAM PATTERN AND AT LAST WE GAVE ACCESS FOR TIME E-LEARNING PLATFORM AND GAVE THE DETAILS OF THE WEBSITE

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### CIRCULAR

Dt: 14-09-2020

This is to inform all the 2<sup>nd</sup> year students that the student branch of CSI, ANITS, Region-V is conducting a "Hands-on AI and ML with python" workshop. So, all the students are hereby informed to attend the workshop and get benefited.

**WORKSHOPNAME:** Hands-on AI and ML with python

**DATE:** 18-09-2020

**RESOURCE PERSON :** Ramji Bora, Senior Project Engineer, Machint Solutions

S. JOSHUA JOHNSON,  
ASST PROF,  
CSI-COORDINATOR

Dr. R. SIVARANJANI  
HOD, CSE

# Report on: One day workshop session

## **Workshop: Hands on AI and ML with python**

Workshop session is conducted on 18-09-2020 and its timing:2:00pm-4:00pm. Session is conducted through google meet, session is organized by Futuregen.

At the beginning of the session the meeting presenter has introduced himself to the participants and participants also introduced themselves. Sir has been started asking some questions about our future goals and knowing about ourselves and our ideas and innovation. It is being an interactive session for first 20-25min.

Here we have learned what is AI and ML. It means we have got a basic idea about AI and ML. In addition to it every student got UserId and passwords to get login into the futuregen.com. Sir explained python basic skills .In addition to it we have implemented our programs along with the sir in the given account previously in the session. During execution we have got some doubts and errors and we have discussed about them and got clarified there itself after all these discussions and execution the session has been ended with the brief conclusion.

### **Feedback and recommendations:**

It is really a good session. I feel it is a better opportunity to learn and get experience about these workshops. In addition it will be very interesting for the people who don't about AI and ML and python. But I feel a little trouble it is so many students may not familiar with python language .though it is explained from basic but it is not from roots, students who are not familiar with python feel tough to understand. Other than that it is really an appreciable session. We are really thankful to futuregen for conducting this type of session and supporting to students to learn new things during this pandemic situation.

**DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING**

The CSI coordinator and the student members of CSI have discussed the following throughout the orientation session.

**Benefits and Advantages to CSI Student members**

**1. Recognition**

- CSI membership identity card
- Appreciation letter / certificate for performance excellence
- Industry recognized CSI certification opportunities

**2. Knowledge Enhancement**

- Access to CSI knowledge portal through Login-id and password
- Technology updates through Conferences, Seminars, Tutorials & workshop at discounted rates
- A forum for activities like Paper Presentations, Quiz, Competitions and Exhibitions.
- Ability to connect with distinguished speakers on different technology areas

**3. CSI Publication**

- CSI Communications - Monthly Magazine (soft copy with option for hard copy at additional payment)
- CSI eNewsletter
- CSI Whizkidd- Student Newsletter
- Eligibility to publish articles in CSI communications, journal and Whizkidd

**4. Awards**

- Eligibility to be nominated for the best Student paper in CSI communications
- Best Student Branch award (only for Student Branch and not applicable for individual student members)

#### 5. MOU benefits

- Discounted membership fee for BCS, ACS and subsidized product offerings by them
- Discounted CSI & partner certification exam fees

#### 6. Networking

- Interaction and collaboration with distinguished academicians, researchers and practitioners
- Opportunity to interact with Industry professionals and chalk out a career path

#### 7. R & D

- CSI Minor Research project funding up to Rs. 50000/-

#### 8. CSI events

- Discounted registration fee for CSI conventions & seminars
- Participation in joint events of CSI with its MOU partner / Organization

Later, the previous academic year events, the prizes won and the people who got benefited were also discussed.

Then, the session ended with thanks.

### The C.S.I

- Computer Society of India (CSI) is the first and the largest body of computer professionals in India. It was started on 8th March, 1965 by a fine computer professional and has now grown to be the national body representing computer professionals.
- It has 72 chapters across India, 571 student branches, and 100,000 members.

# Report on: One day workshop session

## **Workshop: Hands on AI and ML with python**

Workshop session is conducted on 18-09-2020 and its timing:2:00pm-4:00pm. Session is conducted through google meet, session is organized by Futuregen.

At the beginning of the session the meeting presenter has introduced himself to the participants and participants also introduced themselves. Sir has been started asking some questions about our future goals and knowing about ourselves and our ideas and innovation. It is being an interactive session for first 20-25min.

Here we have learned what is AI and ML. It means we have got a basic idea about AI and ML. In addition to it every student got UserId and passwords to get login into the futuregen.com. Sir explained python basic skills .In addition to it we have implemented our programs along with the sir in the given account previously in the session. During execution we have got some doubts and errors and we have discussed about them and got clarified there itself after all these discussions and execution the session has been ended with the brief conclusion.

### **Feedback and recommendations:**

It is really a good session. I feel it is a better opportunity to learn and get experience about these workshops. In addition it will be very interesting for the people who don't about AI and ML and python. But I feel a little trouble it is so many students may not familiar with python language .though it is explained from basic but it is not from roots, students who are not familiar with python feel tough to understand. Other than that it is really an appreciable session. We are really thankful to futuregen for conducting this type of session and supporting to students to learn new things during this pandemic situation.

**DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING**

The CSI coordinator and the student members of CSI have discussed the following throughout the orientation session.

**Benefits and Advantages to CSI Student members**

**1. Recognition**

- CSI membership identity card
- Appreciation letter / certificate for performance excellence
- Industry recognized CSI certification opportunities

**2. Knowledge Enhancement**

- Access to CSI knowledge portal through Login-id and password
- Technology updates through Conferences, Seminars, Tutorials & workshop at discounted rates
- A forum for activities like Paper Presentations, Quiz, Competitions and Exhibitions.
- Ability to connect with distinguished speakers on different technology areas

**3. CSI Publication**

- CSI Communications - Monthly Magazine (soft copy with option for hard copy at additional payment)
- CSI eNewsletter
- CSI Whizkidd- Student Newsletter
- Eligibility to publish articles in CSI communications, journal and Whizkidd

**4. Awards**

- Eligibility to be nominated for the best Student paper in CSI communications
- Best Student Branch award (only for Student Branch and not applicable for individual student members)

#### 5. MOU benefits

- Discounted membership fee for BCS, ACS and subsidized product offerings by them
- Discounted CSI & partner certification exam fees

#### 6. Networking

- Interaction and collaboration with distinguished academicians, researchers and practitioners
- Opportunity to interact with Industry professionals and chalk out a career path

#### 7. R & D

- CSI Minor Research project funding up to Rs. 50000/-

#### 8. CSI events

- Discounted registration fee for CSI conventions & seminars
- Participation in joint events of CSI with its MOU partner / Organization

Later, the previous academic year events, the prizes won and the people who got benefited were also discussed.

Then, the session ended with thanks.

### The C.S.I

- Computer Society of India (CSI) is the first and the largest body of computer professionals in India. It was started on 8th March, 1985 by a fine computer professionals and has now grown to be the national body representing computer professionals.
- It has 72 chapters across India, 511 student branches, and 100,000 members.

Sangivalasa 531 162, Bheemunipatnam Mandal, Visakhapatnam Dist

### INDUCTION PROGRAMME SCHEDULE

The aim of the induction program is to help the students who come from diverse backgrounds to adjust to the new environment and inculcate in them the ethos of the institution. The induction program's objective is to set a healthy routine, create bonding among the students as well as between the faculty and the students. In a way, this period will be used to break the ice and to give the right start to the four-year program.

#### WEEK -1

Day	Date	Time	Topic	Faculty Name
Day-1	01-02-2021	9.00 AM to 10.00 AM	Welcome to the freshers (with parents) and introduction of the HODs, faculty, and general orientation about the college and department.	Dr.R.Sivaranjani & All faculty
		10.00 AM to 11.10 AM	Familiarization with Departmental curricular, Co-Curricular & Extracurricular activities associations, and different clubs.	Ms. N Lokeswari
		12.00 Noon to 1:00 PM	CSI branch and its activities	Mr. S.Joshua Johnson
		1:00 PM to 3:20 PM	Pencil art activity	Mr.K. Chandra Sekar
Day-2	02-02-2021	9.00 AM to 10.00 AM	Curriculum and credit system-related	Mr.S.Ratan Kumar
		10.00 AM to 11.10 AM	E evaluation systems +grading systems, OBE	Dr.M.Ramakrishna Murty
		12.00 Noon to 1:00 PM	Interaction with members of departmental technical societies /clubs / central clubs (Strijana, Toastmasters ) members	Mrs Priyanka & Lokeswari
		1:00 PM to 3:20 PM	IEEE student branch activities	Dr. Usha Bala
Day -3	03-02-2021	9.00 AM to 10.00 AM	Training & Placement activities. Various coding contest platforms	Dr.G.Jagadesh & Mr Sattar
		10.00 AM to 11.10 AM	Human values/literature skill activities	
		12:00 Noon -1:00 PM	ACM Student chapter and ICUC	Ms.Lokeswari & Mr.S.Ratn Kumar
		1:00 PM- 3: 20 PM	Orientation about the NSS activities and Enrolment into different clubs of the college - especially into NSS unit of ANITS & Department visit	Dr.K. Suresh

## DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

The CSI coordinator and the student members of CSI have discussed the following throughout the orientation session.

### Benefits and Advantages to CSI Student members

#### 1. Recognition

- CSI membership identity card
- Appreciation letter / certificate for performance excellence
- Industry recognized CSI certification opportunities

#### 2. Knowledge Enhancement

- Access to CSI knowledge portal through Login-id and password
- Technology updates through Conferences, Seminars, Tutorials & workshop at discounted rates
- A forum for activities like Paper Presentations, Quiz, Competitions and Exhibitions.
- Ability to connect with distinguished speakers on different technology areas

#### 3. CSI Publication

- CSI Communications - Monthly Magazine (soft copy with option for hard copy at additional payment)
- CSI eNewsletter
- CSI Whizkidd- Student Newsletter
- Eligibility to publish articles in CSI communications, journal and Whizkidd

#### 4. Awards

- Eligibility to be nominated for the best Student paper in CSI communications
- Best Student Branch award (only for Student Branch and not applicable for individual student members)

#### 5. MOU benefits

- Discounted membership fee for BCS, ACS and subsidized product offerings by them
- Discounted CSI & partner certification exam fees

#### 6. Networking

- Interaction and collaboration with distinguished academicians, researchers and practitioners
- Opportunity to interact with Industry professionals and chalk out a career path

#### 7. R & D

- CSI Minor Research project funding up to Rs. 50000/-

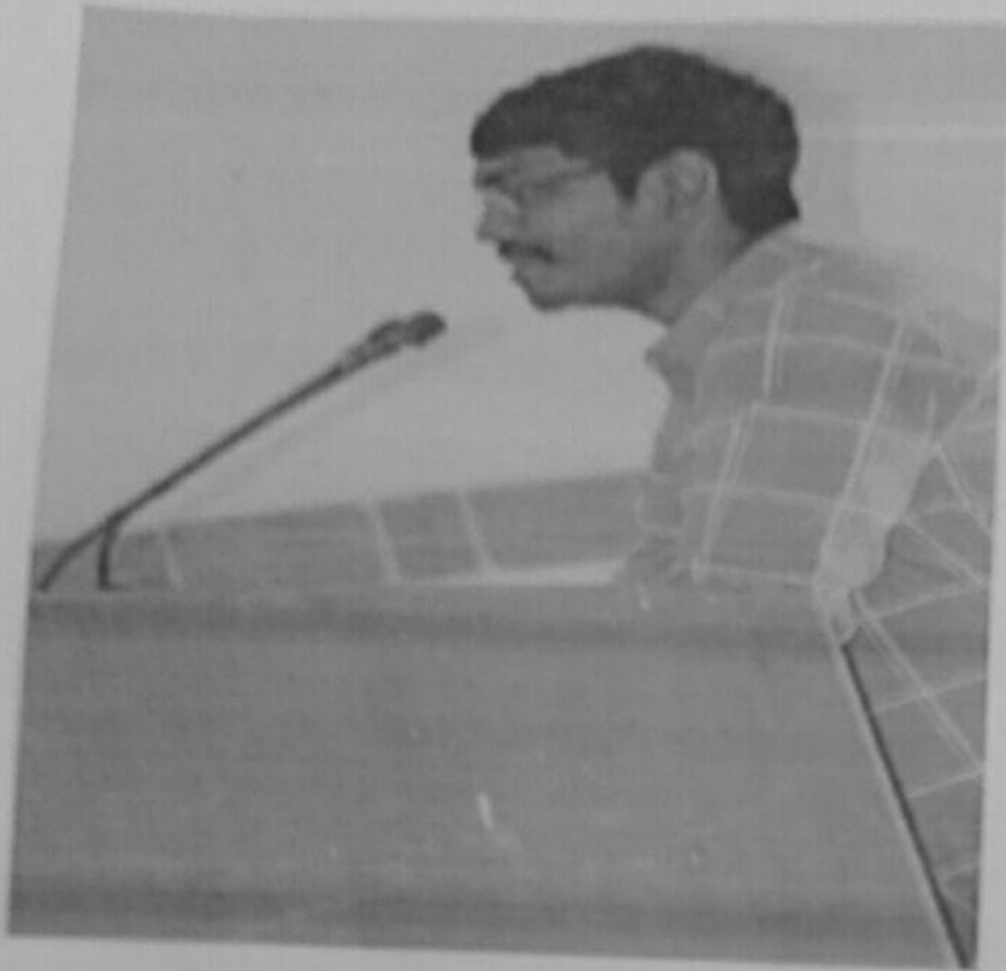

#### 8. CSI events

- Discounted registration fee for CSI conventions & seminars
- Participation in joint events of CSI with its MOU partner / Organization

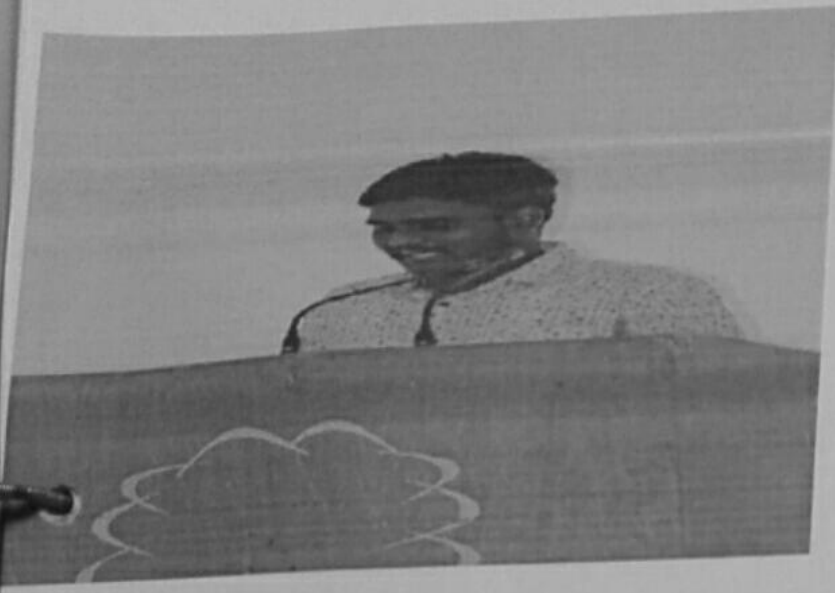

Coordinator, CSI Addressing the students:

CO-PRESIDENT addressing the students:

Secretary, Addressing the Students:

Later, the previous academic year events, the prizes won and the people who got benefited were also discussed.  
Then, the session ended with thanks.

## SEMINAR ON EMERGING TECHNOLOGIES

DATE :- 27<sup>th</sup> Feb 2021

Number of participants :- 50

Objective:- Emerging Technologies and Coding Paradigms

Speaker :- S Goutham Kumar ( 317126510115)

Mr. Goutham kumar is the Vice president of Computer Society of India(CSI) , Student Branch Anits. He started his seminar by extending his gratitude to all the students who attended the seminar. He has a lot of knowledge on all the current emerging technologies that were trending.

According to him the top 6 Emerging Technologies are:-

1. Artificial Intelligence
2. Machine Learning and Data Science
3. Internet of Things

4. Block Chain Technology
5. Virtual Reality
6. Cyber Security

Mr. Goutham explained all the above technologies and gave a pre-requisite knowledge of how to learn the technologies and master them !!

He provided a road map to the students for becoming a good competitive programmer by suggesting platforms for practicing like HackerRank for basic learning, HackerEarth for learning DSA, leetcode for dynamic programming. He also showed how the platform works and how they can compete with others.

Many students were raising queries on cyber security and ethical hacking. So he started his session with cyber security and cleared all the doubts of the students . He explained the roles present in cyber security, different types of hats, etc. He provided some resources for future reference.

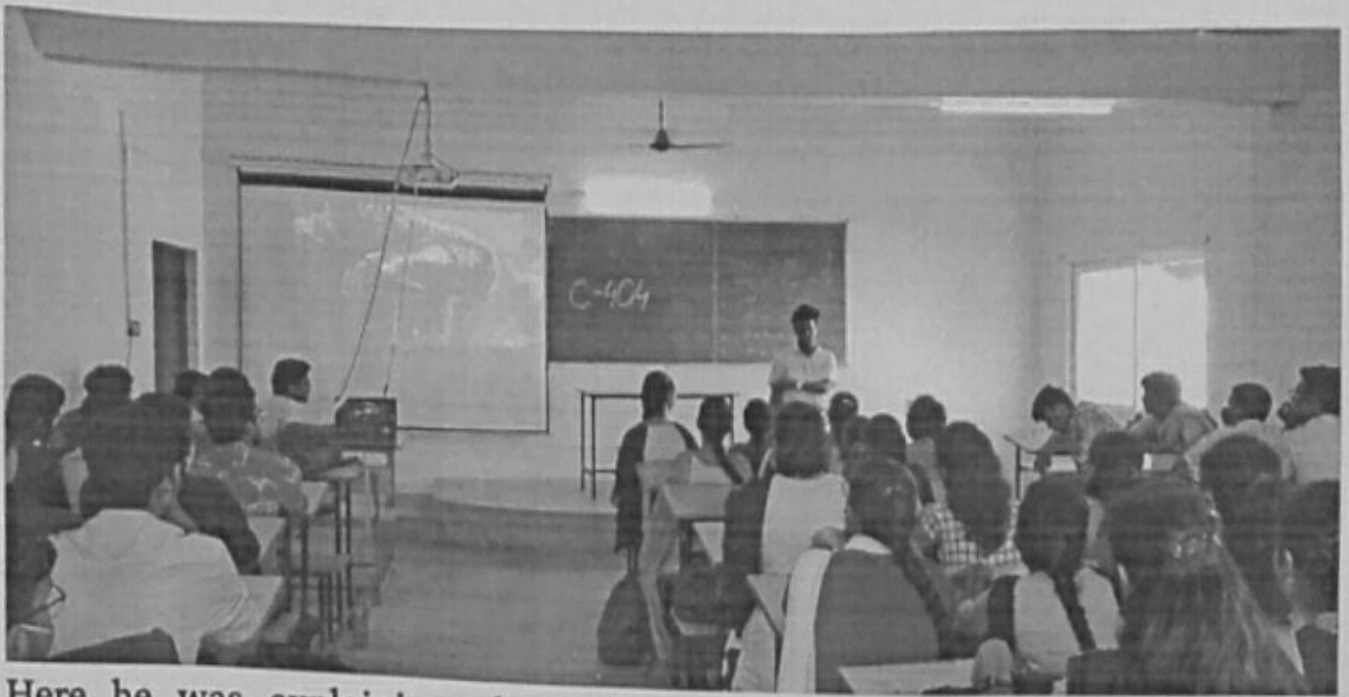

According to him, to start a career in cyber security, students must be strong in subjects like Data Communications, Computer Networks, Operating Systems, Cryptography and Network Security. Again, the students raised a doubt that how we should be certified and how to start learning from the scratch.

He presented a platform for learning cyber security courses.

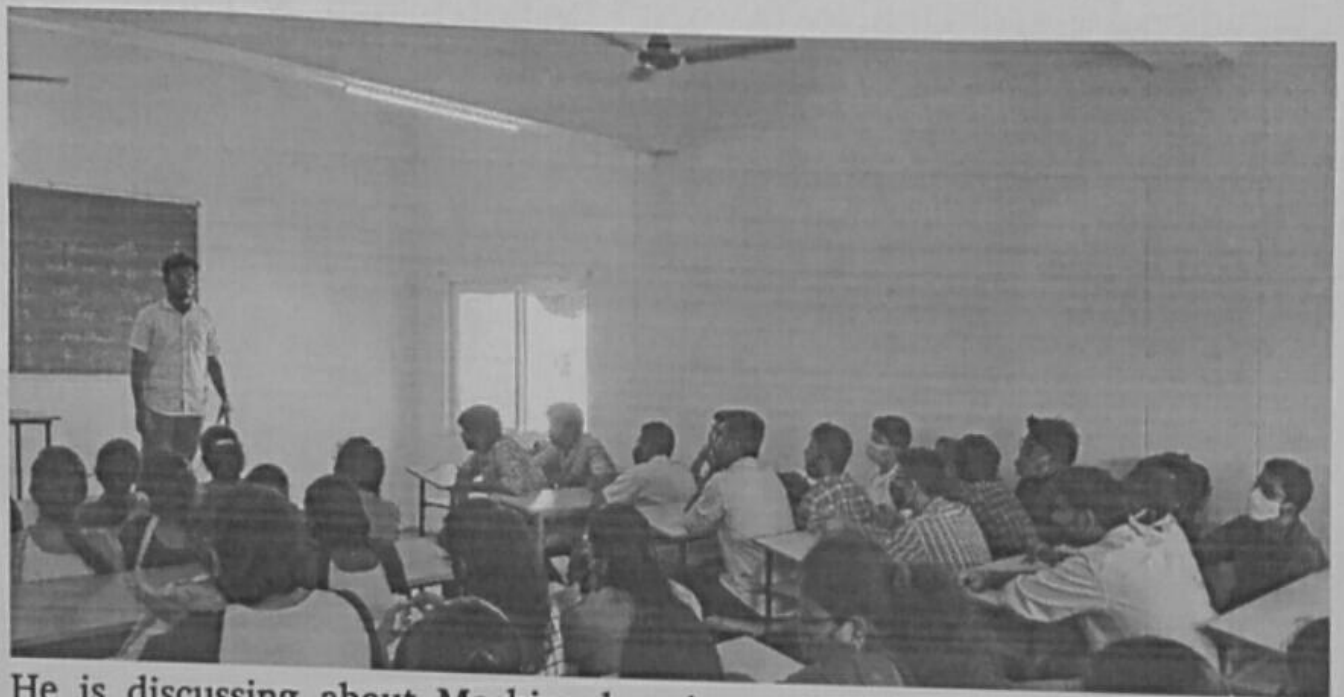

Website link: <https://www.eccouncil.org/>

He explained the basic certification courses required for students who are interested in the field of cyber security like CEH, CCNA, CCNP, OSCP for advanced level. He also introduced some basic terms of networking and gave an overview on the subject. He discussed about the ongoing projects in google.

Students approached Mr. Gowtham Kumar personally and asked many doubts regarding placements and how to start learning and he gave suggestions.

Here he was explaining about the web development queries asked by students.

He is discussing about Machine learning and data science in real world scenario.

The students were listening to him with enthusiasm.

He finally concluded the session by clarifying the doubts of all the students.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

### CIRCULAR

Dt: 13-03-2021

This is to inform all the 1st year students of ANITS who got registered for CSI that the student branch of CSI, ANITS, Region-V is organizing Classes on Programming on every Saturday starting from 2:30 PM to 3:20 PM effective from 13th March 2021. So, the students registered with CSI are hereby informed to join the session.

Venue: MPI Laboratory

Speakers: G Pavan Sai Kumar, 4B-72.

**Mr. S. Joshua Johnson,**  
ANITS CSI Student Branch Counsellor,  
Assistant Professor,  
CSE, ANITS.

**Dr. R. Sivaranjani,**  
Head of the Department,  
CSE, ANITS.

## DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING CIRCULAR

Dt: 22-05-2021

This is to inform all the 3<sup>rd</sup> year CSE students that ANITS CSI is conducting "INTERVIEW EXPERIENCES AND RESUME WRITING SESSIONS" for the benefit of helping in placement preparation. So, all the 3<sup>rd</sup> year students are requested to participate and know how interview process takes place and learn resume writing skills.

### Event Details:

Name: INTERVIEW EXPERIENCES AND RESUME WRITING SESSIONS

Date: 29<sup>th</sup> May 2021

Timings: 12PM-2PM

### Speaker List:

- Surya Teja (Software Developer@Delhivery - Upcoming SDE@Amazon)
- Suvama raju (Software developer @ Accenture)
- Aditya Adida (Cloud Support Associate @ Amazon Web Services)
- Sesh Sai (Cloud Support Associate @ Amazon Web Services)
- Alekya K (Business Development Associate, Byju's Education)

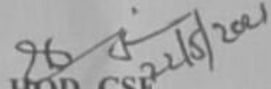

Registration Fee: No Registration Fee

Google Meet link: <https://meet.google.com/zvk-itsn-eqi?hs=224>

FOR DETAILS:

1. GOWTHAM:7032878823
2. SNEHA KIRAN:9000343908

  
Coordinator, CSI

  
HOD, CSE

### Speaker List:

- Surya Teja (Software Developer@Delhivery - Upcoming SDE@Amazon)
- Suvarna-raju (Software developer @ Accenture)
- Aditya Adida (Cloud Support Associate @ Amazon Web Services)
- Sesh Sai (Cloud Support Associate @ Amazon Web Services)
- Alekya K (Business Development Associate, Byju's Education)

### DESCRIPTION:

Drive Recording Link:

[https://drive.google.com/drive/u/3/folders/1wuhbA18-ewkgjh777yvdEHx\\_SlykOfEm](https://drive.google.com/drive/u/3/folders/1wuhbA18-ewkgjh777yvdEHx_SlykOfEm)

Our Alumni Students are the speakers of the session. They have given different experiences which are faced during the interviews. Many students asked their doubts regarding the interview process and about resume preparation also. The students benefited from the experiences shared by their seniors.
